

## CLARK COUNTY SCHOOL DISTRICT POLICY

P-2410

### SAFETY

The Superintendent of Schools is committed to the safety of all students, employees, and the community that comprise the Clark County School District. It is everyone's responsibility to assist in creating a safe environment within the District. The District's safety program will support this goal by providing assistance in the design and routine maintenance of facilities to provide safe working conditions, providing safety education programs for students and employees, and providing relevant data to administration for the continual improvement of the safety program.
