

## CLARK COUNTY SCHOOL DISTRICT REGULATION

5145

### COOPERATION WITH LAW ENFORCEMENT AGENCIES

- I. Schools are obliged to work closely with law enforcement agencies in the control of student behavior. In general, these agencies should be called on to assist in handling instances of theft, physical danger, and/or situations requiring involuntary searching of students. Under emergency conditions the school may be required to take action before contact with a law enforcement agency is made. However, all serious cases should be referred to the appropriate law enforcement agency for follow-up action.
