

CLARK COUNTY SCHOOL DISTRICT POLICY

6162

STUDENT AND PROGRAM EVALUATION

- I. The demonstration of accountability and the use of information as a decision-making tool requires the systematic gathering, processing, and analysis of data. In support of this principle, the Superintendent directs the administration to establish and maintain a systematic plan for the assessment and evaluation of students and programs within the Clark County School District. The assessment procedures shall include the conducting of a testing program and other methods that may be indicated by the professional staff.
