

CLARK COUNTY SCHOOL DISTRICT POLICY

6173

ALTERNATIVE PROGRAMS

- I. The Clark County School District shall provide alternative education programs for identified students who are at-risk of not successfully completing the educational program offerings at general education sites due to low self-esteem, poor motivation, graduation credit deficiencies, social adjustment problems at comprehensive school campuses, personal/familial issues and/or student employment responsibilities, have social adjustment problems in the regular school program. Such students shall have the advantage of programs of study designed to meet their unique identified academic, social/behavior, and career development needs.
- II. Administrative regulations and procedures governing the referral, placement and discharge of students to and from the district's alternative education programs shall be developed in accordance with all applicable procedures and statutes.
