

CLARK COUNTY SCHOOL DISTRICT

CLASS TITLE: ASBESTOS ABATEMENT WORKER/INSULATOR

**Class Code: 7730
Grade: 51**

CLASS DEFINITION AND SUMMARY:

Under general supervision, abates (removes, encapsulates, repairs) asbestos-containing materials (ACM) on thermal systems, piping, pressure vessels and duct work, structural steel and other building components and installs thermal system insulation to meet regulatory requirements, as directed.

ESSENTIAL TASKS OF THE POSITION: (Illustrative, not inclusive)

Abates (removes, encapsulates, repairs) ACM on surfaces, piping, pressure vessels duct work, and other building components.

Installs, inspects, and repairs insulation on mechanical equipment as directed.

Removes and disposes of other hazardous materials or containers, incidental to abatement work using established safe control procedures as directed.

Shapes, fits, tapes, seals, and fabricates components in the installation and repair of insulating materials.

Performs minor (non-structural) demolition necessary to abate asbestos containing materials as part of renovation projects.

Installs/relocates communication cables, (i.e., telephone, computer, etc.) and HVAC duct work and exhaust systems in an asbestos regulated area.

Assists HAZMAT (Hazard Material Field Technicians) in the disposal of other hazardous materials or containers using established safe control procedures as directed.

Installs and constructs containment systems (seal off work area, worker decontamination areas, and negative air (local exhaust) equipment).

Assesses and adapts containment systems to meet site requirements.

Transports hazardous waste materials to approved dump sites.

Performs periodic and initial clean-up activities of asbestos containing areas.

Performs minor repairs and maintains asbestos abatement equipment.

Conforms to safety standards as prescribed.

Performs other tasks related to the position as assigned.

DISTINGUISHING CHARACTERISTICS:

Involves skilled work in the safe abatement (encapsulation, repair, and removal) of asbestos containing materials, other building materials, and the installation of mechanical system insulations.

KNOWLEDGE, SKILLS AND ABILITIES:

Knowledge of federal, state, and local codes and ordinances (i.e., AHERA, OSHA, etc.).

Knowledge of building and insulating materials.

Knowledge of safe abatement.

Knowledge of respiratory protective equipment.

Ability to learn and apply work procedures.

Ability to read and interpret written and oral instructions.

Ability to meet predetermined deadlines.

Ability to use and maintain hand and power tools.

Ability to operate power tools and equipment.

Ability to wear respiratory protection and other personal protective equipment.

Ability to pass an examination for EPA accreditation and state license.

Ability to pass OSHA physical exam for asbestos work.

Ability to apply ventilation principles to asbestos abatement practices.

Ability to successfully pass district administered physical exam.

Ability to pass CDL (commercial driver's license) examination.

Ability to work with hazardous materials.

Ability to work flexible hours or shifts.

Ability to safely move and/or relocate heavy objects.

Ability to work in confined areas.

Ability to withstand heights and perform work safely.

Ability to work cooperatively with employees and the public.

Ability to recognize and report hazards, and apply safe work methods.

QUALIFICATIONS:

TRAINING AND EXPERIENCE:

High school graduation or other equivalent (i.e., GED, college, technical, or trade school transcript, foreign equivalency, etc.).

EPA accreditation as an asbestos abatement worker, or supervisor; plus, one (1) year of experience performing Asbestos Abatement Work.

Must pass an examination for EPA accreditation and state license as an Asbestos Supervisor within 30 days. (Must be maintained for the duration of the assignment.)

Must pass an OSHA physical examination for asbestos work and use of respiratory protection equipment prior to employment. (Must be maintained for the duration of the assignment.)

LICENSES AND CERTIFICATES:

Valid Class C Nevada Driver's License, which must be maintained for the duration of the assignment.

Copy of driving history issued by the Department of Motor Vehicles.

Current certificate for EPA accreditation as an asbestos abatement worker or supervisor.

DOCUMENT(S) REQUIRED AT TIME OF APPLICATION:

1. High school graduation or other equivalent (i.e., GED, college, technical, or trade school transcript, foreign equivalency, etc.).
2. Valid Class C Nevada Driver's License.
3. Copy of driving history issued by the Department of Motor Vehicles.
4. Current AHERA certificate as an asbestos abatement worker, if applicable.
5. Current AHERA certificate as an asbestos supervisor, if applicable.
6. Copy of current OSHA asbestos physical examination.
7. Specific documented evidence of training and experience to satisfy qualifications.

EXAMPLES OF ASSIGNED WORK AREA:

Clark County School District facilities in offices, construction sites, existing buildings under renovation, mechanical rooms, etc. - Abating Asbestos - Containing Materials on piping, pressure vessels, ducts, structural steel, and other building components and installing insulation.

Strength: Medium - exert force 30-100 lbs. frequently, 15-30 lbs. constantly or negligible amount of force to lift/stand/push/pull/carry.

Physical Demands: Frequent climbing, crawling, stooping, kneeling, crouching, reaching, handling, pushing and pulling. Occasionally carrying and fingering. Hearing and vision normal or corrected to normal.

Environmental Conditions: Exposed to extremes of heat and humid conditions, wet environments, with respirator and protective clothing with limited air circulation. Exposure to noise, fumes, chemicals, spray-glue and encapsulate. The pace of the work is fast and greater than usual.

EXAMPLES OF EQUIPMENT/SUPPLIES USED TO PERFORM TASKS:

District-issued/personal vehicles, hand tools, power tools for demolition work, hand and power floor scraper, HEPA (High-Efficiency Particulate Air) Vacuum, negative air machine, glove bags, respirators, and protective clothing.

Individuals with a disability who require reasonable accommodation(s) during any step of the screening process or who have questions about qualifications should notify a representative in Support Staff Personnel. Notification may be made in person, in writing, or by calling: (702) 799-5334 (V) or (702) 799-0217 (TDD).
