The Clark County Board of School Trustees is a dedicated group of community leaders who are elected to overlapping four-year terms and represent a specific geographic region of Clark County. Although each trustee represents a different region, they are dedicated to ensuring the success of every student in the District through clear, concise direction to the superintendent. The trustees bring a wealth of experience and concern for children to their position.

#### **Vision Statement**

All students progress in school and graduate prepared to succeed and contribute in a diverse global society.

Erin E. Cranor, President Dr. Linda E. Young, Vice President Patrice Tew, Clerk Stavan Corbett, Member Carolyn Edwards, Member Chris Garvey, Member Deanna L. Wright, Member

Pat Skorkowsky, Superintendent

October 10, 2014

Erin E. Cranor, President Members of the Clark County School District Board of School Trustees Residents of Clark County, Nevada:

The Comprehensive Annual Financial Report (CAFR) of the Clark County School District (District), Clark County, Nevada, for the fiscal year ended June 30, 2014, is submitted herewith in accordance with state statute. Nevada Revised Statute (NRS) 354.624 requires school districts to present to their respective boards within four months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

This report consists of management's representations concerning the finances of the Clark County School District. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the District. As the cost of internal control should not exceed anticipated benefits, the objective of the District is to provide a reasonable, rather than absolute, basis for making these representations. Management of the District has established a comprehensive internal control framework that is designed to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP.

The accounting firm of Kafoury, Armstrong & Co., a firm of licensed certified public accountants, was selected to perform the fiscal year 2014 audit. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the federal Single Audit Act of 1996 and related OMB Circular A-133. Kafoury, Armstrong & Co. concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the District's financial statements for the fiscal year ended June 30, 2014, are fairly presented in conformity with GAAP. The auditor's report on the basic financial statements is included as the first component of the financial section of this report. The auditor's report on the internal accounting controls of the District are included in the *Compliance and Controls Section* and will be filed as a public record pursuant to NRS 354.624.

GAAP also requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A can be found on page 4, immediately following the *Independent Auditor's Report*.

#### PROFILE OF THE CLARK COUNTY SCHOOL DISTRICT

#### History, Geography, and Population

In 1956, Nevada's multiple school districts were consolidated under terms of state legislation creating countywide school districts. As such, all public educational services provided by the District are restricted to the boundaries of Clark County. Clark County covers 7,891 square miles, includes a countywide population in 2013 of just over 2.1 million, and is located in the southernmost part of the state. The largest cities within the county, and thus served by the District, include Las Vegas, Henderson, and North Las Vegas. Other cities and rural areas served are located as far north as Indian Springs and Mesquite and as far south as Laughlin and Searchlight. Although the District serves the geographic area of Clark County, it is formally a political subdivision of the State of Nevada, which determines the majority of its funding. In addition to state authorized revenues, the District receives funding from federal and local sources and must comply with the concomitant requirements of these funding entities.

#### Structure of the District

The District is governed by an elected, seven-member Board of School Trustees (Board). The Board members represent specific geographic areas, are elected by the public for four-year overlapping terms, and have the authority to adopt and administer budgets, as well as establish District policy. The Board employs a superintendent to serve as an administrator for the day-to-day operations of the District.

Comprehensive Annual Financial Report

The majority of the District's 357 schools are organized into 15 Performance Zones aligned geographically and two special zones related to turnaround schools and career, technical and magnet schools. Each zone represents approximately 20-30 feeder-aligned schools which are overseen by an academic manager under the guidance of the chief student achievement officer. The performance zones model helps flatten instruction reporting structures and create a tight focus on instruction-related issues.

In addition, reporting directly to the superintendent are the deputy superintendent of educational and operational excellence, the chief educational opportunity officer, the chief innovation and productivity officer, the chief financial officer, and the chief human resources officer. The deputy superintendent is responsible for operational services, student services such as special education and gifted and talented programs. The chief educational opportunity officer oversees educational services, equity and diversity, and student athletics/activities. The chief innovation and productivity officer is responsible for the transformation of the District's online and blended learning initiatives for students and employees while guiding the development of a data management process. The chief financial officer is responsible for oversight of the Business and Finance Division, while the chief human resources officer is responsible for overseeing the hiring and employment of approximately 39,475 individuals and the administration of the Human Resources Division.

As of June 30, 2014, the District operated 217 elementary schools, 59 middle/junior high schools, 49 high schools, and 32 alternative schools and special schools with a total audited student body of 314,598. The District is also the largest non-federal, single-entity public employer in Nevada, employing approximately 39,475 Clark County people.

#### **District Services**

By state mandate, the District is responsible for providing public education in Clark County, Nevada from kindergarten through twelfth grade. The District offers a variety of educational resources, from regular and special education programs to adult and vocational programs, in order to meet the needs of the children and adults of Clark County.

#### <u>Kindergarten</u>

Nevada state law requires that children must attend a state-approved kindergarten program or take a developmental assessment test in order to enter the first grade. Currently, the District offers a half-day kindergarten program for all students and a full-day program at selected schools for students with special needs, as well as a tuition-based program at selected schools. State funding was provided to implement full-day programs in all Title I schools. In addition, the tuition-based, full-day program was offered at 51 schools, reaching approximately 2,036 students in 2014. Due to additional funding, the District will be able to provide full-day programs at five more elementary schools in the 2014-2015 school year.

#### Zoom Schools

In 2013, after extensive research, the education of English Learners was identified as one of the top priorities by state officials. As a result, the Zoom School pilot program designated fourteen CCSD Zoom Schools for the 2013-2014 school year in an effort to increase academic achievement at campuses with a high percentage of English Language Learners. All Zoom Schools will receive additional resources including free pre-kindergarten, expanded full-day kindergarten programs with smaller class sizes, a free 17 full day Summer Academy, and Zoom Reading Centers designed to provide students with unprecedented support in gaining key reading and academic language skills to unlock a world of understanding. The successful implementation and positive impact on students in the 2013-2014 school year led to the addition of two CCSD Zoom Schools for 2014-2015.

#### Magnet / Career and Technical Schools

The District offers 22 magnet schools and programs and 6 vocational schools with programs for students at any grade level who are seeking a more focused area of study than the general curriculum offers. Students may apply for entrance into one of these programs based on their own interests and abilities in areas such as science or the performing arts. The District completed construction of six career and technical academies over the last 10 years offering additional opportunities for high-tech training, industry certifications, job shadowing, and internships in various fields. The successful implementation of the magnet program has created a need for an increase in magnet schools in the 2015-2016 school year.

#### Special Education

Special services are provided for students with disabilities. Trained District employees work with families to offer educational services, along with preparing students for life after school. Both direct and support services are offered for students from ages 3 to 22.

#### Alternative Education Programs

The District provides alternative education programs designed to give students who are credit deficient and/or require a non-traditional approach to education an opportunity to complete their course requirements. Programs also are designed to provide an alternative setting for students experiencing chronic behavioral problems. Juvenile Court School programs are offered for students who are no longer

Transmittal Letter

eligible for enrollment in comprehensive schools, as well as the adjudicated youth of Clark County.

#### Federal Programs

The District works closely with the state and federal government to take advantage of grants offered to help meet the supplemental needs of its students. With the help of these grants, the District is able to offer programs such as Indian Education, Safe and Drug-Free Schools, Adult Education, and Math and Science Enhancement. The District also offers a food service program subsidized by the federal government to help guarantee a nutritious meal at a nominal price for its students.

#### Charter Schools

Charter Schools within Clark County operate as independent public schools to provide other educational opportunities under the sponsorship of the District. These schools have fewer state regulations imposed upon them than public schools, which allows them to offer an alternative educational environment. To operate in Clark County, charter schools must meet mandated sponsorship requirements and are monitored by the Nevada Department of Education and the District. The District currently sponsors seven charter schools: Agassi College Preparatory Academy, Explore Knowledge Academy, Odyssey Charter School, Innovations International, Delta Academy, Rainbow Dreams Academy, and the 100 Academy of Excellence.

#### Distance Education

Through its distance education program, the District provides students with online and blended learning course pathways through the Nevada Learning Academy at CCSD for both full-time and part-time students in middle and

This local Public Broadcasting Service member, operated as a division of the District, programs three over-the-air digital television channels and produces many hours of local video and web content. A network of 19 translators extends Channel 10 programming services to rural Nevada and to some viewers in California, Utah, and Arizona.

KLVX-DT is part of the Vegas PBS division of the District. The division also operates four cable channels, six educational broadband service channels received in schools, a described and captioned media center serving the entire state, the CCSD Educational Media Center, an online video-on-demand library and federated search engine serving public and private schools called One Place, an online workforce training and economic development service called Vegas Virtual, and an emergency communications data repository and network hub called X-tracast. Each service is supported by distinct revenue streams related to their purpose or intended audience.

#### Component Unit - Vegas PBS

The CAFR includes all of the funds of the primary government unit, the District, as well as its component unit, Vegas PBS. Vegas PBS is a local public telecommunications entity and is licensed to the individuals elected as Trustees of the Board of the District. Vegas PBS is a legally separate entity for which the District's Board members may serve as the governing body and for which the District is financially accountable. Accordingly, the District's financial statements include Vegas PBS as a blended component unit. Blended component units, although legally separate entities, are in substance part of the primary government unit's operations and are included as part of the primary government unit. In matters relating to the activities of the public television station, the Trustees act as individuals, not as school trustees.

#### **Budgetary Process and Control**

The Board requires that the District legally adopts a budget for all funds. The budget must be filed with the Clark County auditor and the State Departments of Taxation and Education no later than May 15 preceding the beginning of the fiscal year on July 1. The budget serves as the foundation for the District's financial planning and control systems.

The appropriated budget of the District is prepared by fund, program (e.g., regular, special, etc.), function (e.g., instruction, transportation, etc.), and object (e.g., salaries, benefits, etc.). State statute allows transfers among programs or functions within a fund as long as there is no resulting increase in total appropriations and they are made with appropriate administrative approval, along with Board advisement.

Expenditures within governmental funds that exceed budgeted appropriations at the function level are in violation of state statute. Within proprietary funds, expenditures should not exceed budgeted operating and non-operating appropriations. Budget-to-actual comparisons are provided in this report for each individual fund.

#### **FACTORS AFFECTING ECONOMIC CONDITION**

#### Local Economic Outlook

Las Vegas and surrounding areas continue to endure a favorable business climate for many companies looking to relocate since Nevada does not impose corporate or personal income tax, nor inventory, special intangible, inheritance, estate, or gift taxes. Gaming, tourism, and hospitality continue to represent the major industries in the region which slowly improved from 2012. In 2013, Clark County also saw a turnaround in the housing market with 7,145 new homes and 48,772 existing homes being sold at an average sale price of \$236,565.

These minor improvements to Southern Nevada's economy were evident as some of the local revenues collected by the District reflected year-over-year increases. Sales tax, for example, is the District's largest revenue source which increased 4.75% from fiscal year 2013. This was due, in part, to increases in tourism and economic expansion as well as a previous legislative increase. Other revenues such as real property transfer tax, room tax, and governmental services tax all surpassed previous years.

#### Gaming and Tourism

Las Vegas, Clark County's largest city, is home to 15 of the 20 largest hotels in the world. Over the past two decades, Las Vegas has become known for more than just legalized gaming as Las Vegas visitors are also offered top quality entertainment, fine dining and shopping, as well as recreational or cultural opportunities. Beyond the Strip and casinos, tourists can enjoy Red Rock Canyon, Lake Mead National Recreation Area, Hoover Dam, Mount Charleston, the Smith Center for the Performing Arts, and many other outdoor attractions.

Tourism, gaming, and hospitality remain the strong drivers for the Las Vegas and surrounding area's economy. Las Vegas welcomed 39.7 million visitors in 2013. Gross gaming revenues increased by 2.9% in 2013, a \$273 million increase. The hotel/motel occupancy levels in 2013 saw a slight decrease of 0.01%. Clark County will continue to strengthen and is projected to see a rise in visitor volume and gross gaming revenue in 2014 and 2015.

Las Vegas has become one of the top destinations for business travel. The attendance for conventions, trade shows, and meetings increased in 2013 by 3.3%, totaling over 5.1 million attendees for the year. There were over twenty-two thousand conventions held in 2013, a 1.9% increase from the previous year. To accommodate convention and trade shows, there are multiple state-of-the-art facilities that provide some of the most modern and versatile meeting centers in the world. The total Las Vegas convention capacity is approximately 10.8 million square feet, citywide.

#### Population Growth

With a high quality of life, low cost of living, and relatively mild weather, Clark County still remains a top choice for relocation with Clark County's overall population increasing slightly in 2013, now totaling just over 2 million inhabitants. The County increased in size by approximately 53,599 people from 2013 to 2014, a 2.7% increase. While in past years Clark County had maintained an unemployment rate lower than the national average, as of July 2014 Las Vegas was reporting an unemployment rate of 8.2% which is higher than the national rate of 6.1%. However, unemployment in Las Vegas saw an improvement of 1.5% from 2013 and an increase of 25,700 jobs.

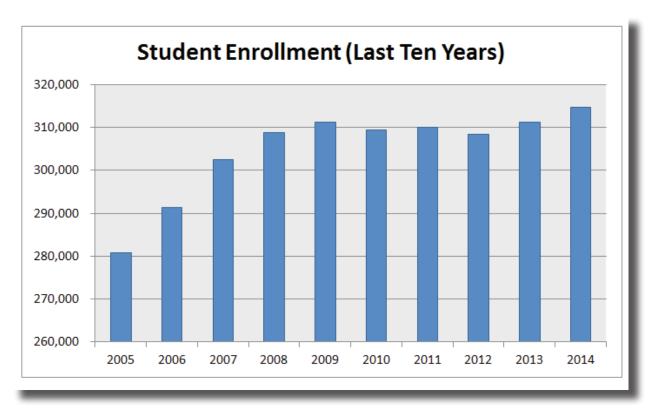

Transmittal Letter

For fiscal year 2014, the overall enrollment projection was 312,782 students; however, the District currently stands at 314,598 students. The student enrollment in 2014 had a slight increase of 1.1% from fiscal year 2013. The following chart provides a ten year history of enrollment growth.

The District continues to struggle with over capacity schools in specific geographic regions. Four years ago, the Board approved a plan to eliminate year-round schedules at many elementary schools as a part of a budget reduction process. This has placed stress on schools in certain areas and with funding from a previous bond program no longer available and no current program on the horizon, the District had to place three elementary schools back to year-round schedules for the school year 2013-2014. The total number of schools currently in operation is 357. Because of the continuous construction of new buildings over the life of the previous bond program, 73 of the District's 357 schools have been built in the last 10 years. This makes the average age of a school building 25 years old (see **statistical table 21** for more information).

#### New Construction in 2013-2014

In 2014, Bill's Gamblin' Hall & Saloon was renovated at cost of \$185 million and converted to The Cromwell Las Vegas a luxury boutique hotel and casino, with 188 rooms, a 40,000 square foot casino, and a 65,000 square foot indoor/outdoor beach club/night club. The Cromwell hopes to impress guests not with an imposing tower, but with unexpected details such as in-room hair straighteners, backgammon boards, and free, self-serve coffee stations in the elevator lobby on each floor.

The Linq, which is a closed, pedestrian-friendly urban space located on the Las Vegas Strip by Caesars Entertainment was completed in the spring of 2014. The highlight of this project includes the tallest observation wheel in the world with 28 glass-enclosed cabins and a vertical apex of 550 feet. It includes 200,000 gross leasable spaces with more than 30 retail, dining and entertainment experiences. With the success the Linq has had in the first couple months of operation, Caesars Entertainment plans to spend \$223 million on revamping the Quad to rebrand it as The Linq Hotel & Casino. This will include upgrading the property's 2,256 rooms/suites and its public areas. There is also promise of new retail and spa amenities, a new pool deck, and a signature lobby bar.

A new attraction within Clark County that opened for the summer of 2014 was Cowabunga Bay Water Park which is located in Henderson. Cowabunga Bay is a 23-acre water park that includes a lazy river, wave pool, eight water slides, three pools, a kids cover area, and cabana rentals with a private pool area. The \$25 million family attraction created over 300 new jobs.

#### **Long-Term Financial Planning**

#### **Growth in District Facilities**

While the Clark County School District had been one of the fastest growing school districts in the nation, it saw enrollment increases begin to stagger since the 2009-10 school year. However, as Clark County's population increased, student enrollment also increased

which resulted in growth for the last two consecutive school years. Official enrollment for the 2013-14 school year was 314,598, maintaining Clark County School District as the fifth largest in the nation. This represented an increase of 3,380 students from the previous year. The District faced several financial challenges in its significant growth spurt over the past several years. According to population and demographic projections, it will continue to face challenges associated with over-capacity schools and zoning as the population redistributes itself across the county and as enrollment marginally increases.

The District no longer has authority or capacity to bond against current capital-related property tax revenues, but faces billions in construction rehabilitation and modernization needs. In 2012, the District turned to the voters to "bridge" the funding gap until a new comprehensive capital program was approved and sought a "pay-as-you-go" revenue source through a ballot initiative, but that initiative was rejected.

In 2007-08, the District issued the final amount of bonds that were allowed under a voter-approved, ten-year construction program backed by property taxes, and in the current school year, this funding for school construction continues to dwindle.

Additional funding for school construction is also secured by pledged revenues from the room tax and real property transfer tax in the city and county. The District consistently monitors the three main revenue sources for the bond construction program and is required by statute to maintain a debt reserve account to insure its ability to service the debt.

#### Balanced Budget

The Amended Final Budget for fiscal year 2014 was approved by the Board of School Trustees on December 12, 2013. The General Operating Fund budget reflected a total operating budget of \$2.3 billion, which is an increase

of \$184 million from the previous fiscal year. This includes an enrollment increase of 1.1% from 311,218 to 314,598 students. Additional resources have been provided to assist elementary schools that have significant issues with overcrowding, while reductions of over 50% to school site supply and textbook allocations have also been enacted. During fiscal year 2014, a one-time appropriation in the amount of \$24 million for replacement buses and \$10.2 million for school site technology upgrades were provided from the sale of medium-term financing bonds.

The District has also launched the "Open Book" website to present the District's operating budget. This website is designed to keep the public informed of how the money is being spent. The website includes an interactive tool for departmental analysis, budget comparison, and food service analysis. These tools provide transparency and accountability for the District's budgeted appropriations and staff positions by department and major functional areas. The District encourages community feedback through an online "suggestion book" where visitors can submit ideas for additional budget savings.

#### Relevant Financial Policies

It is the District's policy that revenue recognition is handled in accordance with the modified accrual accounting method, which requires that the timing of revenue-related inflows of financial resources be considered. Generally accepted accounting principles (GAAP) direct that governmental funds recognize revenues "in the accounting period in which they become susceptible to accrual—that is, when they become both measurable and available to finance expenditures of the fiscal period." Financial resources should be considered available only to the extent they are "collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period." The District uses an availability period of 60 days from its fiscal year-end for the purpose of revenue recognition. An example of the District's revenue recognition policy would be the following:

The District receives monies from the Clark County Comptroller's Office and the State of Nevada for personal property and sales taxes, respectively. However, the monies for the current period were not received until after the end of the fiscal year, but within the 60-day period of availability. In these instances, the District books a receivable for the amount of taxes and recognizes the revenue.

#### **Major Initiatives**

#### Student Achievement

The District's highest priority is student achievement, but it is faced with many challenges, including student poverty and language barriers. More than 60% (approximately 190,961 students) of the District's population qualifies for free or reduced-cost meals. The District continues to fund important programs such as ELL and apply for funding under the free and reduced lunch program offered by the federal government.

The District is working to implement the Board of Trustees vision for increasing student achievement by placing a focus on six key areas. The first focus area is achievement; every student should graduate ready for college or a career. The second is people; every adult must contribute to student success. The third is opportunity; every student and adult has an equitable opportunity to succeed. The fourth is innovation; every level of the organization should nurture a culture of innovation. The fifth is community engagement; every member of our community has the opportunity to contribute to student success. The sixth is results; every investment of time, money, and people contributes to student success.

#### **District Reorganization**

Since 2012, the District dissolved its previous internal governance structure under three geographic regions to provide flatter autonomy. A reassignment of divisions was also done in hopes for a greater instructional environment for students and staff. The performance zone concept was increased from initially 1 performance zone to 15 performance zones, with new zones created to improving weaker schools and providing greater autonomy for higher achieving schools. Schools with high achievement will be granted greater autonomy over budget and staffing. There are no limits on the number of schools designated as autonomous because all schools have the ability to be an autonomous school. Each zone has a single academic manager to whom each principal in the zone reports. All zones work directly with the chief student achievement officer, which allows for greater accountability. As the model has been successful in improving the instructional environment, in the 2014-2015 school year, there will be 16 performance zones. With the performance zone realignment in the upcoming school year, the title of academic managers will be converted to assistant chief student achievement officers.

#### Nevada Academic Content Standards/Nevada Educator Performance Framework

The Nevada Academic Content Standards (NVACS) curriculum helps ensure that students understand grade-appropriate concepts in literacy and mathematics. The goal of the standards is to ensure that students graduating from high school are prepared to go to college or enter the workforce and that parents, teachers, and students have a clear understanding of what is expected from them. The standards will make student achievement consistent and comparable from state to state. The District worked directly with teachers in creating lesson plans and instructional materials to align to the Nevada Academic Content Standards. The Nevada Educator Performance Framework (NEPF) was piloted in 54 schools as a validation study. The schools worked directly with the Department of Education and District representatives to create mastery of the Nevada Educator Performance Framework for future implementation district-wide. This model will be used in the future for teacher and administrator evaluations as the model is based on performance standards and indicators.

#### Nevada Growth Model

The Nevada Growth Model tracks the achievement of students enrolled in grades 3 through 8. This model will help track the educational growth of students and schools or the change in their individual or site achievement on a year over year basis. Student growth scores may be used for comparisons against their peers and site growth statistics may be categorized and compared in a similar fashion. As opposed to achievement status, growth data provide richer information including how a school is moving its students towards or past achievement goals.

The District uses the School Performance Framework (SPF) to rate schools on a one-to-five star scale. SPF awards "Five Stars" to the best performing schools, "Four Stars" to schools that are close to achieving the top performance, "Three Stars" to schools that are nearing the expected targets, "Two Stars" to schools scoring lower on the framework categories, and "One Star" to the schools that are most deserving of resources and help. The SPF helps the District to be held accountable for the success of every student. While initially holding schools harmless, the District will celebrate schools achieving uncommon results. The aim is to identify what works so they can learn and improve faster. The SPF is an improvement because it takes into account student growth while recognizing highest performing schools. It helps focus support on schools that need it most. While status still matters, academic growth to a standard is the most important measure of academic achievement. It takes into account where students start whether they are approaching, meeting, or exceeding standards, and schools receive credit from students' progress even if they have not yet reached proficiency. The SPF relies on data from the Nevada Growth Model so results for all students are taken into account.

#### **AWARDS AND ACKNOWLEDGMENTS**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Clark County School District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2013. This was the twenty-eighth consecutive year that the District has achieved this prestigious award.

The Clark County School District also received the Association of School Business Officials (ASBO) International Certificate of Excellence in Financial Reporting for the Comprehensive Annual Financial Report for the fiscal year ended June 30, 2013. This was the third consecutive year that the District has achieved this prestigious award.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The District believes the current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and will be submitting it to the GFOA and ASBO to determine its eligibility for another certificate.

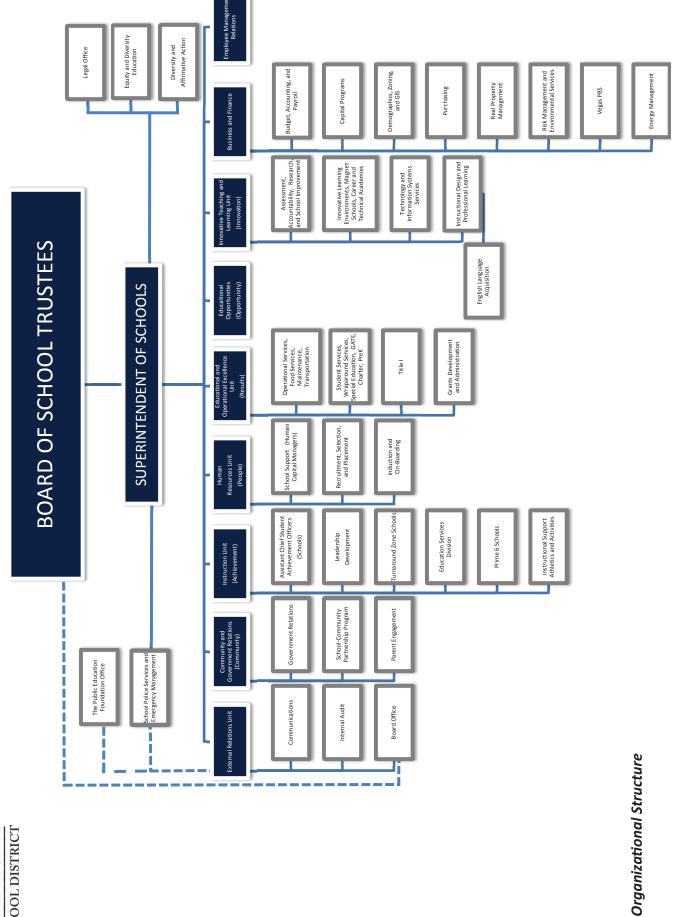

Timely preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Accounting Department and the staff of its independent auditors, Kafoury, Armstrong & Co., CPA's. We would like to express our appreciation to all members of the departments who assisted in and contributed to its preparation.

We would also like to thank the members of the Board of School Trustees for their interest and support in planning and conducting the financial operations of the Clark County School District in a responsible and progressive manner.

Respectfully submitted,

Pat Skorkowsky Superintendent James McIntosh Chief Financial Officer

Government Finance Officers Association

#### **COMPREHENSIVE ANNUAL FINANCIAL REPORT**

## **Financial Section**

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the Clark County School District Clark County, Nevada

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Clark County School District (the District) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, the Special Education Fund and the Federal Projects Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedule of funding progress on pages 4–16 and 72 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of

the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Prior Year Comparative Information

We have previously audited, in accordance with auditing standards generally accepted in the United States of America, the District's basic financial statements as of and for the year ended June 30, 2013 (not presented herein), and have issued our report thereon dated October 10, 2013, which contained unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information. The combining and individual fund financial statements and schedules, related to the 2013 financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2013 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2013 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2013 combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 10, 2014, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Kajoury, armotrong & Co.

Las Vegas, Nevada October 10. 2014

The Management's Discussion and Analysis (MD&A) offers readers a narrative overview and analysis of the Clark County School District's (District) financial statements for the fiscal year ended June 30, 2014. We encourage readers to consider the information presented here in conjunction with additional information furnished in our letter of transmittal, which precedes this report, and the financial statements, which immediately follow this report.

#### FINANCIAL HIGHLIGHTS FOR FISCAL YEAR 2014

Following is an analysis of facts, descriptions or conditions of the District, in fiscal year 2014, that had a material effect on its financial position or operating results.

#### Government-wide Financial Statements

- The overall financial position of the District improved slightly as government-wide net position increased during fiscal year 2014, from \$1.935 billion to \$2.012 billion, a \$77 million dollar increase.
- Total revenues increased \$158 million from \$2.838 billion in fiscal year 2013 to \$2.997 billion in fiscal year 2014, a 5.58% increase. This was mainly due to a rise in state aid and local school support tax.
- Certain local revenues such as the real estate transfer tax and the governmental services tax experienced an increase from fiscal year 2013 in the amount of \$1,615,313 and \$6,074,555, respectively, due to a slight increase in home sales and increased local population. Franchise tax revenue increased by 137.94% due to an overall increase in tax receipts this year resulting from higher net profits by public utilities. Room tax had an increase of \$6,790,083 or 10.09% in fiscal year 2014 due to the growth in visitor volume from the previous year.
- Total expenses increased \$85 million from \$2.835 billion in fiscal year 2013 to \$2.920 billion in fiscal year 2014, a 2.99% increase. Increased expenses were mainly due to a rise in licensed staff resulting from a new Board initiated academic priority to reduce class sizes in grades 4-12 and increased student enrollment. In addition, the purchase of new buses and portables to support full-day kindergarten priorities also contributed to the increase.

#### Fund Financial Statements

- Ending combined governmental fund balances decreased to \$506 million in fiscal year 2014 from \$575 million in fiscal year 2013, an 11.98% decrease.
- Decreases to the combined ending fund balance were due in part to the Bond Fund, where the number of construction projects is declining as we come to the end of the 1998 bond program. Also, the Debt Service Fund ending fund balance continues to decline.
- As the local economy continues to improve, combined revenues in the governmental funds recorded a \$152 million increase from the previous year mainly in the General Fund and the State Grants Fund. The additional revenue received in the General Fund was due to the local school support tax increase of \$40 million. Additional revenues received in the State Grants Fund resulted from state-wide programs to promote early education opportunities through increases of \$8 million for full-day kindergarten, \$9 million for class size reduction kindergarten, and \$10 million for pre-kindergarten in zoom schools.
- One of the largest sources of revenue in the General Fund and the Special Education Fund is state aid known as the Distributive School Account (DSA). These funds increased significantly due to a rise in student enrollment of 3,380 pupils and the basic support rate increase of \$200 per student in fiscal year 2014.

#### General Operating Fund Balance

Ending fund balance in the General Fund increased from \$93 million in fiscal year 2013 to \$120 million in fiscal year 2014, a 29.49% increase. Local and state revenues increased from the prior year and property tax has slowed in its decline. The District's increased expenditures are due to a new academic priority reducing class sizes in grades 4-12, enrollment related growth, and the purchase of new buses for student transportation.

- Total General Fund revenues increased \$102 million to \$1.993 billion in fiscal year 2014. This was due in part, to increases of the Distributive School Account, local school support tax, and governmental services tax revenue.
- The District funded the unassigned (spendable) portion of fund balance to 1.25% of general operating revenue in fiscal year 2014. As a component of budget savings, it was recommended to waive the current unassigned fund balance requirement from the 2% established by District Regulation 3110, which the Board of Trustees approved. Unassigned fund balance is reported at \$25.9 million in 2014. The District will increase .25% annually until unassigned fund balance reaches the 2% requirement.
- The District was able to assign additional funding in its General Fund for instructional supplies, school bus appropriations, surplus school balance carryovers, categorical indirect costs, school bus purchases, deferred maintenance initiatives, human capital management implementation, and school computer replacement for the next fiscal year.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The District's basic financial statements are comprised of government-wide financial statements, fund financial statements, and notes to the financial statements. Following is a brief discussion of the structure of the basic financial statements.

#### Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with an assessment of the overall financial position and activities of the District as a whole. These statements are structured around the primary government, not including fiduciary funds. They are further divided into governmental activities and business-type activities. Governmental activities being those generally financed through taxes and intergovernmental revenues, while business-type activities are those financed to some degree by charging external parties for goods received.

The statement of net position combines and consolidates all of the District's current financial resources (short-term spendable resources) with capital assets and deferred outflows of resources and long-term obligations and deferred inflows of resources using the accrual basis of accounting. The end result is net position that is segregated into three components: net investment in capital assets; restricted and unrestricted net position.

The statement of activities presents information showing how the District's net position changed during fiscal year 2014. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, there are some revenues and expenses reported in this statement that will result in cash flows in future fiscal periods. All expenditures are reported by related function as prescribed by the Nevada Department of Education Handbook II Accounting System.

#### Fund Financial Statements

The District uses fund financial statements to provide detailed information about its most significant funds. All of the funds of the Clark County School District can be divided into three categories:

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements described above. However, unlike the government-wide financial statements, governmental fund financial statements use the modified accrual basis of accounting, which focuses on near-term inflows and outflows of spendable resources and balances of spendable resources available at the end of the fiscal year. To provide a better understanding of the relationship between the fund statements and government-wide statements, a reconciliation is provided for a more comprehensive picture of the District's financial position.

*Proprietary Funds* – Funds that focus on the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows are reported in the proprietary funds. The District reports two types, enterprise funds and internal service funds. Enterprise funds are used to report an activity where a fee is charged to external users. The District's sole enterprise fund, the Food Service Enterprise Fund, is used to account for food service operations within the District. Internal service funds report activities that provide goods and services to the other departments of the District. The District reports two internal service funds, the Insurance and Risk Management Fund, and the Graphic Arts Production Fund.

Fiduciary Funds – Funds that are used to report assets held in a trustee or agency capacity for others and, therefore, cannot be used to support the government's own programs. The District currently holds assets related to student activities of various schools in its single fiduciary fund, the Student Activity Agency Fund.

#### Notes to the Financial Statements

The notes to the financial statements complement the financial statements by describing qualifying factors and changes throughout the fiscal year.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted previously, the government-wide statements are structured to report financial information on the District as a whole, excluding fiduciary funds. Condensed financial information with comparative amounts from the prior year is presented along with accompanying analysis.

#### **Clark County School District's Net Position:**

|   | Go  | vernmental<br>activities | Business-type activities Total            |   |  | otal   |

#### **Governmental Activities**

#### **Net Position**

Governmental activities increased the District's net position by \$69,780,232. Increases in net position are due to increases in local school support tax revenue, governmental services tax revenue, room tax revenue, and state aid revenue.

#### Revenues

The largest general revenues received by the District include local school support tax in the amount of \$832,511,729, aggregated property taxes in the amount of \$692,150,495, and unrestricted state aid in the amount of \$677,169,613. These revenues represent 28.89%, 24.02%, and 23.50%, respectively, of total governmental revenues for the current fiscal year.

This year's state aid increased by 8.90% and is guaranteed through a funding mechanism known as the Nevada Plan. The District is legislatively guaranteed to receive a specific amount of per-pupil funding from the state and is apportioned that funding through components of both sales and property taxes. The amount received per pupil for fiscal year 2014 was \$5,457, up from last year's amount of \$5,257 per pupil. The state is required to provide funding to meet the residual amount that is not collected through these taxes.

As the Clark County economy continues to recover, many other revenue collections have experienced improvements over the previous year. In fiscal year 2014, the real estate transfer tax, a tax collected on transfers of real property, has experienced an increase of \$1,615,313 due to the positive change in the housing market. The room tax, a tax associated with hotel lodging and deposited into the Bond Fund, experienced an increase of \$6,790,083 or 10.09% over the previous year. The real estate transfer tax, along with the property tax and room tax are the main components of meeting outstanding bond obligations. The reductions of property taxes overtime have placed a strain on servicing future debt obligations and on future bonding capacity.

The Local School Support Tax (LSST), a component of the sales tax, in Clark County, is one of the few revenues of the District that showed increases for the last five years. It currently increased 5.11% or \$40,492,971 over the prior year, with collections totaling \$832,511,729. This is primarily due to a .35% increase in the tax passed during the 2009 Nevada Legislative Session and extended until 2014, where the LSST increased from 2.25% to 2.60%.

LSST is 100% guaranteed by the state as part of the Nevada Plan. When LSST decreases, the state is required to make up the difference to meet its basic support obligation. However, when LSST is higher than anticipated as occurred this year, the District does not share in any surplus. It simply means the state reduces its state-aid payments through the DSA.

Franchise tax revenue increased significantly by \$2,088,648 or 137.94% resulting from an overall increase in tax receipts this year that resulted primarily from higher net profits reported by two public utilities, NV Energy and Republic Services.

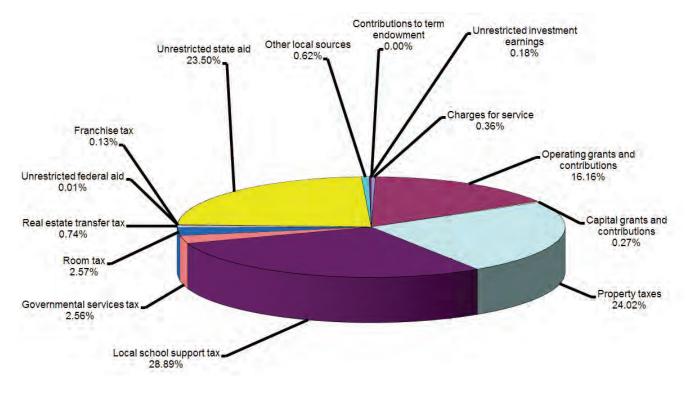

The District has also seen significant increases in its unrestricted investment earnings as fund balance begins to increase and interest rates continue to rise. Overall investment earnings have increased \$4,182,981 or 474.61% from fiscal year 2013.

In fiscal 2014, governmental services tax revenue increased \$6,074,555 or 8.98%. Governmental services taxes are collected when residents register their vehicles each year. This tax is based on the original Manufactures Suggested Retail Price (MSRP) set when the vehicle was new.

Operating grants and contributions had increased state grant funding from the Nevada Department of Education for full day kindergarten and zoom school programs by \$28,779,142 or 6.59% from the prior year.

Capital grants and contributions increased \$6,384,450 or 416.30% as we received two new state grants that provided portables to increase full day kindergarten capacity and the class size reduction initiative.

| Total revenues                     | \$2,881,538,631 | \$ 2,725,800,199 | \$ 155,738,432 | 5.71%         |

#### **Expenses**

- Instruction related expenses represent 60.34% of total governmental expenses. They consist of regular, special, gifted
  and talented, vocational, other instruction, and adult program expenses, with 96.08% of these dollars spent on regular
  and special education.
- Instruction related expenses reported a significant increase of \$91,984,565 or 5.73% from the previous fiscal year due to the newly implemented academic priority to reduce class sizes in grades 4-12, enrollment growth reflected in additional staffing positions, and computer purchases for the classroom.
- Operation and maintenance of plant services account for the next highest expenses comprising approximately 9.58% of total expenses. These expenses include utility and maintenance costs intended to provide upkeep for the District's schools and administrative facilities.
- The school administration function reported an increase of \$8,422,992 or 4.70% which was caused by additional
  elementary assistant principals. This increase was a result of a new academic priority to increase school-based staffing
  of elementary assistant principals based on an administrator to student ratio and the anticipated implementation of pay
  for performance of licensed staff.
- Central services function increased by 7.01% or \$5,148,673 due in part to the reimbursements of professional services for behavioral interventions and an escalation in property insurance premiums.
- Student transportation expenses increased by 3.97% or \$4,847,296 resulting from an increase in the number of bus drivers related to student enrollment growth, higher fuel costs in the current year, and the purchase of new buses. The average price of fuel has increased sharply in the past six months.
- Instructional staff support expenses decreased this year by \$3,637,556 or 2.24% as a result of decreased grant funding
  for Career Professional Development in Title I and Title II schools. In previous years these programs were being partially
  funded through the American Recovery and Reinvestment Act (ARRA) grants.
- Community services expenses increased by 33.42% or \$779,889 as we experienced an increase in professional services for health education provided by Southern Nevada Health District (SNHD). The goal of this initiative is to increase implementation of effective physical activity, nutrition, and tobacco-use prevention efforts to improve outcome measures.
- Facilities acquisition and construction services expenses decreased by 19.64% or \$1,828,021 largely due to the number
  of projects in construction services decreasing. As the 1998 bond program is nearing its end, no new school construction
  debt could be authorized or issued in 2014.
- Interdistrict payments increased by \$2,329,387 or 2,483.46% due to an increase in the number of students enrolled at charter schools. Also, data reclassification of Special Education Fund payments to the charter schools contributed to this increase.
- Interest on long term debt decreased by \$33,944,718 or 20.16% as interest payments decreased in the Debt Service fund resulting from the issuance of three advance bond refundings and no new school construction debt.

| Total expenses                                   | \$2,811,758,399 | \$ 2,728,882,073 | \$<br>82,876,326             | 3.04%                      |

#### **Business-type Activities**

Business-type activities consist solely of the District's Food Service Enterprise Fund. In the current fiscal year, this activity increased net position by \$7,477,463 mainly due to increased free and reduced meals and additional federal dollars awarded.

Food service student charges and federal subsidies, including contributions of commodity food products, account for almost 100% of the revenues received by business-type activities, with student charges representing approximately 14.19% and federal subsidies accounting for 85.60%. The majority of the expenses in business-type activities are for food purchases and personnel expenses, including salary and benefits, to maintain the District's food service program.

#### **Business-type Activities – Revenue Sources\*\***

<sup>\*\*</sup>Percentages in the chart above may not total to 100% due to rounding

#### **Business-type Activities - Change in Revenues**

| Revenues   | 2014  | 2013   | Increase /<br>(Decrease)<br>from 2013              | % Increase /<br>(Decrease)<br>from 2013 |
|--|---|--|--|---|
| Charges for service<br>Operating grants and contributions<br>Other local sources<br>Unrestricted investment earnings | \$<br>16,357,955<br>98,664,573<br>63,384<br>176,652 | \$<br>17,415,957<br>94,999,625<br>54,697<br>12,335 | \$<br>(1,058,002)<br>3,664,948<br>8,687<br>164,317 | -6.07%<br>3.86%<br>15.88%<br>1332.12%   |
| Total Revenues   | \$<br>115,262,564                                   | \$<br>112,482,614                                  | \$<br>2,779,950                                    | 2.47%                                   |

Revenues generated in fiscal year 2014 from charges for services declined while federal sources increased. This was primarily due to a shift in free meals from full pay meals, reflecting the general economic conditions in the District. The free lunch meals increased from 72% to 74%, while the full pay meals remained at 15%.

#### ANALYSIS OF GOVERNMENTAL FUND BALANCES AND TRANSACTIONS

Governmental funds use fund accounting and follow the modified accrual basis of accounting which focuses on short-term sources and uses of spendable resources. Following is an analysis of individual fund balances and material transactions.

At the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$506 million, a decrease of \$69 million from last year. The General Fund reported higher revenue collections overall as a result of improvements in the local economy and increased expenditures fueled by a student enrollment growth of 3,380. Of the total governmental fund balance, \$5,260,902 is classified as nonspendable and \$371,535,953 as restricted. Committed fund balance totaled \$14,554,175 which included amounts for PBS programming fees and Medicaid programs. The assigned fund balance totaling \$88,589,394 are for various initiatives throughout the District including instructional supplies, new school bus appropriations, school carryover, categorical indirect costs, school bus purchases, deferred maintenance initiatives, human capital management implementation, and school computer replacement. Unassigned fund balance, for all governmental funds (which serves as a useful measure of the District's net resources as a whole) available for spending is \$25,850,159.

The main operating fund of the District is the General Fund. At the end of the current fiscal year, the total fund balance in the General Fund was \$119,902,569; nonspendable portion totaled \$5,260,902 and the restricted portion was \$202,114. The unassigned portion which represents spendable resources was \$25,850,159, representing 21.56% of the total fund balance or 1.25% of the general operating budget resources.

Although reported separately, the Special Education Fund is budgeted for in combination with the General Fund and together they represent the general operating budget of the District. Any deficiencies of revenues under expenditures in the Special Education Fund are compensated for through a transfer from the General Fund. The transfer from the General Fund to cover special education expenditures in fiscal year 2014 was \$297,469,464. This is an increase of 5.89% over 2013, as Special Education instruction and transportation costs increased over the prior year due to an increase of 1,306 students with special needs.

The District's Debt Service Fund ending fund balance decreased by \$97 million, from \$176 million in fiscal year 2013 to \$78 million in fiscal year 2014. Due to declining property tax, it is expected that the District will continue to utilize its reserves to assist with servicing debt until 2017, when it is projected to once again have one times coverage.

The District's Bond Fund reported a decrease in fund balance of \$10 million due to continuing construction costs. As the 1998 bond program is coming to an end, no new school construction debt could be authorized or issued in 2014. The District received \$95 million in combined revenues from the room tax and real property transfer tax. These taxes are pledged to reduce specific general obligation debts as they come due. Most of these pledged revenues are reported as a transfer out of the Bond Fund in the amount of \$83 million and are shown as transfer in to the Debt Service Fund.

The Federal Projects and State Grants Funds reported no fund balance as draws, recorded as receivables, are requested from the grantor to cover any outstanding expenditures at year-end. Additionally, any revenues that were drawn down and not yet spent are considered unearned until the next fiscal year.

Towards the end of the current fiscal year, the grant/fiscal accountability department requested draws to cover several expenditures mainly in its Title I, Title III and IDEA grants, but did not receive the funding until after the end of the current fiscal year. As of June 30, 2014, the Federal Projects Fund and the State Grants Fund are reporting \$50 million and \$23 million receivables, respectively. Since these funds did not receive grant awards in time to cover the current expenditures, funding was provided by the General Fund. Liabilities are recorded in the Federal Projects Fund in the amount of \$16,365,567 and \$3,744,459 in the State Grants Fund to recognize the payable; corresponding receivables are recorded in the General Fund.

#### **BUDGETARY HIGHLIGHTS**

The "Original Budget" reflected in the General Fund was approved on May 15, 2013. Budgeted appropriations were developed with certain assumptions remaining unknown or not finalized, namely certified student enrollment. An amendment to the 2013-14 "Original Budget" was approved on December 12, 2013 following recognition of final certified student enrollment,

increased State revenues, and the audited June 30, 2013 ending fund balance. For this reason, the "Original Budget" was approved and submitted based upon future resolution of various assumptions of revenue elements. Total General Fund resources were increased by over \$41.2 million (2.0%) between adoption of the "Original Budget" in May 2013 and the "Final Budget" in December 2013.

The "Final Budget" reflects the District's best estimates and includes all transfers, additions, and deletions that have been approved through June 30, 2014 and more accurately denote total appropriation activity throughout the year then ended.

Nevada Revised Statutes and District regulations require that school districts legally adopt budgets for all funds. Budgets are prepared in accordance with generally accepted accounting principles. Budgeted amounts reflected in the accompanying financial statements recognize amendments and transfers made during the year. The "Final Budget" is prepared by fund, program, and function. All appropriations lapse at year-end and certain allowable encumbrances will carry over and be reappropriated in 2014-15.

There were numerous variances between the original and final budgets in the General and the Special Education Funds attributable largely to additional resources becoming available between adoption of the original and final budgets. Actual enrollment exceeded the May 2013 projected enrollment by 1,882 students which necessitated additional appropriations for support of instructional based services.

Appropriations for the student transportation services function were increased by \$12.3 million to purchase replacement buses and \$2.2 million to replace failing large system equipment. School based appropriations related to final enrollment counts were increased \$2.9 million to provide adequate resources. Adjustments to formula driven support staffing increased appropriations \$2.5 million. Further increases in appropriations for all other items totaled \$5.2 million.

The Board adopted the Amended Final Budget for 2013-14 of the General Fund in December 2013 that reflected total resources of \$2,222,500,000 including a projected ending fund balance of \$47.8 million. Local revenues were \$14.6 million above projections while State related revenue was \$10.4 million lower than budgeted. The State revenue shortfall was offset by an almost equal increase in sales tax collections as part of the State aid is guaranteed through a funding mechanism known as the Nevada Plan.

Revenues were \$1.0 million more than anticipated while a negative net transfer variance of \$16,597 was higher than projected. The actual ending fund balance of \$120 million was \$72.1 million more than budgeted largely from an unexpected positive expenditure variance of \$71.1 million.

Although unassigned fund balance increased by over \$6.2 million from 2013, this continues to necessitate a waiver approved by the Board relative to Regulation 3110 that requires the unassigned fund balance be no less than 2.0% of total revenues. For fiscal 2014, General Fund revenues were 0.05% more than anticipated while total expenditures produced a positive variance of 4.0% and provided additional resources for fiscal 2015.

#### CAPITAL ASSETS AND LONG-TERM DEBT

#### Capital Assets

At June 30, 2014, the District held approximately \$4.5 billion invested in a broad range of capital assets, net of depreciation, including land and improvements, buildings and improvements, and equipment. This amount represents a net decrease (including additions, disposals, and depreciation) of \$173 million or 3.68% from last year. The following tables reflect additions and disposals of capital assets for governmental and business-type activities (see following page).

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

| Less: Accumulated Depreciation | (2,510,720,235)          | (238, 263, 506)  | 1,848,872          | (2,747,134,869)       |  |
| Total Capital Assets, Net      | \$4,705,708,550          | \$ (143,730,208) | \$ (29,635,042)    | \$4,532,343,300       |  |

The majority of the decrease in capital assets is due to the increase in depreciation expense. In fiscal year 2014, the District opened no new schools. Additions to land, buildings, and building improvements include expansions and renovations to existing District facilities. Construction in progress includes school renovations, improvements, expansions to existing schools, and work performed to completely replace some older existing schools.

Additional information on the District's capital assets can be found in note 5 on pages 57-58 of this report.

# Long-term Debt

The Clark County School District has finalized one of the largest school construction programs in the United States funded through the issuance of municipal bonds. Before bonds can be sold, the District provides information to various bond raters to obtain bond ratings for the proposed issue. Much of the information centers on the financial stability of the District and how it responds to various financial situations. As the local economy has improved in Clark County, the District now has the following ratings with Standard and Poor (AA-), Fitch (A), and Moody's Investor Services (A1) all with a stable outlook rating at year end.

As of June 30, 2014, the District carried approximately \$3.1 billion in debt, including general obligation bonds and liabilities for compensated absences. The District previously issued general obligation bonds to finance various projects including, but not limited to, constructing or purchasing new buildings, enlarging, remodeling or repairing existing buildings or grounds, acquiring sites for new buildings, and purchase necessary furniture and equipment for schools including equipment used for the transportation of pupils. The table on the following page summarizes long-term debt activity over the past fiscal year.

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

| Compensated Absences Payable | 56,271,261                            | 27,662,341     | (25,254,749)     | 58,678,853               |
| Total Long-term Debt, Net    | \$3,475,698,537                       | \$ 387,137,501 | \$ (716,863,846) | \$3,145,972,192          |
| Business-type Activities:    |                                       |                |                  |                          |
| Compensated Absences Payable | \$ 997,026                            | \$ 377,797     | \$ (278,848)     | \$ 1,095,975             |

Per Nevada Revised Statute Chapter 387.400, the debt limitation for the District is equal to 15% of the assessed valuation of property, excluding motor vehicles. The debt limitation currently applicable at June 30, 2014 is \$8,444,527,183. It is expected that future increases in assessed valuation and the retirement of bonds will result, at all times, in a statutory debt limitation in excess of outstanding debt, subject to changes in assumptions, costs and revenues.

The District's liability for compensated absences increased this year with combined governmental and business-type activities reporting \$59,774,828 in compensated absences payable at June 30, 2014. This represents more than a 4.38% increase over the previous year. In the current year, this liability increased due to the additional staffing needs.

Additional information on the District's long-term debt can be found in notes 8 and 10 on pages 60-63 of this report.

## REQUESTS FOR INFORMATION

This financial report is designed to provide its users with a general overview of the Clark County School District's finances and to demonstrate the District's accountability for the revenues it receives. Additional information and an electronic copy of this report may be found at the District's web site, <a href="https://www.ccsd.net">www.ccsd.net</a>. Any further questions, comments or requests for additional financial information should be addressed to:

# CLARK COUNTY SCHOOL DISTRICT RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION JUNE 30, 2014

| JUNE 30, 2014  | <br>              |
|--|-------------------|
|  |                   |
| Total fund balances - governmental funds   | \$<br>505,790,583 |
| Amounts reported for governmental activities in the statement of net position are different because:   |                   |
| Capital assets net of the related depreciation are not reported in the Governmental Funds financial statements because they are not current financial resources, but they are reported   |                   |
| in the statement of net position.  | 4,531,748,867     |
| Other long-term assets are not available to pay for current period expenditures and, therefore are unavailable in the funds.   | 13,890,594        |
| Certain liabilities, deferred inflows of resources, and deferred outflow of resources (such as bonds payable and capital leases payable) are not reported in the Governmental Funds financial statements because they are due and payable, but they are presented as liabilities |                   |
| in the statement of net position.  | (3,121,103,741)   |
| Assets and liabilities of the District's Insurance and Risk Management Internal Service Fund and the Graphic Arts Internal Service Fund are not reported in the Governmental   |                   |
| Funds financial statements because they are presented on a different accounting basis, but they are presented as assets and liabilities in the statement of net position.  | <br>16,466,854    |
|  |                   |

The notes to the financial statements are an integral part of this statement.

Total net position - governmental activities

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2014

### Net change in fund balances - governmental funds

\$ (68,873,041)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities.

(173,203,597)

Property taxes that are collected in time to pay obligations of the current period are reported as revenue in the fund statements. However, amounts that relate to prior periods that first become available in the current period should not be reported as revenue in the statement of activities.

(2,205,026)

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

305,749,812

The net revenues of the District's Insurance and Risk Management Internal Service Fund and the Graphic Arts Internal Service Fund are not reported in this fund financial statement because they are presented on a different accounting basis (in the proprietary fund financial statements), but they are presented in the statement of activities.

(3,846,471)

Generally expenditures recognized in the fund financial statements are limited to only those that use current financial resources but expenses are recognized in the statement of activities when incurred.

12,396,748

Gains, losses, and capital donations are not presented in this financial statement because they do not provide or use current financial resources, but they are presented in the statement of activities.

(238,193)

| Total adjustments   |    | 8,621,726   | _  | 1,020,901                                      |    | 9,642,627                    |
| Net cash provided by/(used in) operating activities                     | \$ | (82,102,652)                                      | \$ | (3,044,804)                                    | \$ | (85,147,456)                 |
| Noncash capital and financing activities:                               |    |   |    |  |    |                              |
| Commodity revenue <sup>1</sup>  | \$ | 6,929,748   | \$ | -  | \$ | 6,929,748                    |
| <b>9</b>  |    | -,,-  | *  |  | •  | -,,-                         |

<sup>&</sup>lt;sup>1</sup> The District received the equivalent of \$6,929,748 in fair market value of commodity food inventory from the federal government. The net effect of this non-cash transaction increased the value of inventory. Consumption of commodity revenue throughout the year resulted in a reduction of inventory and a charge to operating expenses.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **REPORTING ENTITY**

The accompanying financial statements include all of the activities that comprise the financial reporting entity of the Clark County School District (District). The District is governed by an elected, seven member Board of School Trustees (Board). The Board is legally separate and fiscally independent from other governing bodies; therefore, the District is a primary government and the District is not reported as a component unit by any other governmental unit. The accounting policies of the District conform to generally accepted accounting principles as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles.

# **Blended Component Unit**

The District is the licensee for the local Public Broadcasting System affiliate, Vegas PBS. The Board is substantively the same as the governing body for Vegas PBS, therefore the District is required to finance deficits and has access to Vegas PBS resources. Also, there is sufficient representation of the District's governing body, with a financial benefit/burden relationship over Vegas PBS, to allow for complete control of Vegas PBS's activities. Therefore, the financial activities of Vegas PBS are included in these statements as a blended component unit. Blended component units, although legally separate, are, in substance, part of the government's operations. Separately issued financial statements for Vegas PBS can be obtained by contacting their financial department at the following address:

Vegas PBS 3050 E. Flamingo Rd. Las Vegas, NV 89121

A summary of the District's significant accounting policies follows.

# **BASIC FINANCIAL STATEMENTS**

The District's basic financial statements consist of the government-wide statements, the fund financial statements, and the related notes to the financial statements. The government-wide statements include a statement of net position, a statement of activities, and the fund financial statements which include financial information for the three fund types: governmental, proprietary, and fiduciary. Reconciliations between the fund statements, the statement of net position, and the statement of activities are also included along with the statements of revenues, expenditures, and changes in fund balances that show an original to final budget comparison for the District's General Fund and its major special revenue funds: the Special Education Fund, and the Federal Projects Fund.

# **Government-wide Financial Statements**

The government-wide financial statements are made up of the statement of net position and the statement of activities. These statements include the aggregated financial information of the District as a whole, except for fiduciary activity. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees and charges for support. As a general rule, the effect of interfund activity has been removed from these statements; however, any interfund services provided and used are not eliminated in the process of consolidation.

The statement of net position presents the consolidated financial position of the District at year-end, in separate columns, for both governmental and business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or program are offset by program revenues. Direct expenses are those that are specifically associated with a program or service and are, therefore, clearly identifiable to a particular function. Program revenues include operating grants and contributions and investment earnings legally restricted to support a specific program. Taxes and other revenues properly not included among

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

program revenues are reported instead as general revenues. This statement provides a net cost or net revenue of specific programs and functions within the District. Those functions with a net cost are generally dependent on general-purpose tax revenues, such as property tax, to remain operational.

# **Fund Financial Statements**

The financial accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts comprised of assets, liabilities, deferred outflows and inflows, fund equity, revenues, and expenditures or expenses, as appropriate. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The presentation emphasis in the fund financial statements is on major funds, for both governmental and enterprise funds. The District's one enterprise fund, the Food Service Fund, is considered a major fund. The District may also display other funds as major funds if it believes the presentation will provide useful information to the users of the financial statements, which is the case with the District's Special Education Fund.

# MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND BASIS OF PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Gross receipts and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are then recognized as revenue. The government considers property tax revenues to be "available" if they are collected within 60 days of the end of the current fiscal period. Anticipated refunds of taxes are recorded as liabilities and reductions of revenue when they are measurable and the payment seems certain. In general, expenditures are recorded when liabilities are incurred. The exception to this rule is that principal and interest on debt service, as well as liabilities related to compensated absences and claims and judgments are recorded when payment is due.

In addition, the District's agency fund is reported under the accrual basis of accounting.

The major revenue sources of the District include state distributive fund revenues, local school support taxes, ad valorem taxes, real estate transfer taxes, room taxes, interest income, and the governmental services tax.

The District reports the following major governmental funds:

**General Fund** - The General Fund is the general operating fund of the District. It is used to account for all resources and cost of operations traditionally associated with governments, which are not required to be accounted for in other funds.

**Special Revenue Funds** - These funds are used to account for the proceeds of special revenue sources that are restricted or committed by law or administrative action to expenditure for specific purposes other than debt service or capital projects. The following special revenue funds are reported as major funds.

**Special Education Fund** - The Special Education Fund accounts for transactions of the District relating to educational services provided to children with special needs as supported by DSA (Distributive School Account) payments and donations and grants.

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

**Federal Projects Fund** - The Federal Projects Fund accounts for costs and operations of programs funded by federal direct and pass through grants.

**Debt Service Fund** - The Debt Service Fund is used to account for the collection of revenues, payment of principal and interest, and the cost of operations associated with debt service for general obligation debt.

**Bond Fund** - The Bond Fund accounts for the costs of capital improvements and constructing major capital facilities paid for by bond proceeds, related interest earnings, and proceeds from real estate transfer taxes and room taxes.

Additionally the District reports the following fund types:

### **Proprietary Funds**

**Enterprise Fund** – The enterprise fund is used to account for operations financed and operated in a manner similar to a private business enterprise - where the intent of the governing body is for the cost (expenses, including depreciation) of providing goods and services to the schools and other locations on a continuing basis to be financed or recovered primarily through charges or fees to customers. Currently, the District has one enterprise fund and this year it is reported as a major fund.

**Food Service Enterprise Fund** - The Food Service Enterprise Fund accounts for transactions relating to food services provided to schools and other locations. Support is provided by customer fees and federal subsidies.

**Internal Service Funds** – Internal service funds are used to account for the financing of goods or services provided by one department to other departments of the District on a cost reimbursement basis. Currently, there are two District Internal Service Funds.

**Insurance and Risk Management Fund** - The Insurance and Risk Management Fund accounts for transactions relating to insurance and risk management services provided to other District departments on a cost reimbursement basis.

**Graphic Arts Production Fund** - The Graphic Arts Production Fund accounts for transactions relating to printing services provided to other District departments on a cost reimbursement basis.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the District's food service enterprise fund and of the District's internal service funds are charges to customers for sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

### **Fiduciary Funds**

**Agency Fund** – Agency funds are used to report assets held in a trustee or agency capacity for others and, therefore, cannot be used to support the government's own programs. All assets reported in an agency fund are offset by a liability to the party on whose behalf they are held.

**Student Activity Agency Fund** – The District's Student Activity Agency Fund reports assets held in an agency capacity for student groups and organizations.

# **BUDGETS AND BUDGETARY ACCOUNTING**

Nevada Statutes and District policies and regulations require that school districts legally adopt budgets for all funds except

### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

fiduciary funds. The budgets are filed as a matter of public record with the County Auditor, and the State Departments of Taxation and Education. The District staff uses the following procedures to establish, modify, and control the budgetary data reflected in the financial statements:

- 1. The statutes provide for the following timetable in adoption of budgets:
  - (a) Before April 15, the Superintendent of Schools submits to the Board of School Trustees a tentative budget for the upcoming fiscal year. The tentative budget includes proposed expenditures and the means to finance them.
  - (b) Before the third Wednesday in May, a minimum seven-day notice of public hearing on the final budget is published in a local newspaper.
  - (c) Before June 8, the Board of School Trustees must adopt a final budget.
- 2. On or before January 1, the Board of School Trustees adopts an amended final budget reflecting any adjustments necessary as a result of the completed count of students.
- 3. NRS 354.615 provides that the Board of School Trustees may augment the budget at any time by a majority vote of the Board providing the Board publishes notice of its intention to act in a newspaper of general circulation in the county at least three days before the date set for adoption of the resolution.
- 4. NRS 354.598005 allows appropriations to be transferred within or among any functions or programs within a fund without an increase in total appropriations. If it becomes necessary during the course of the year to change any of the departmental budgets, transfers are initiated by department heads and approved by the appropriate administrator. Transfers within program or function classifications can be made with appropriate administrative approval. The Board of School Trustees is advised of transfers between funds, program, or function classifications and the transfers are recorded in the official Board minutes, on a monthly basis.
- 5. Budgeted appropriations may not be exceeded by actual expenditures of the various programs and functions of the General Fund, Special Revenue, and Capital Projects Funds, as described on pages 51-53, Expenditure Line Item Titles. The sum of operating and non-operating expenses in the Enterprise and Internal Service Funds may not exceed total appropriations.
- 6. Generally, budgets for all funds are adopted in accordance with generally accepted accounting principles. Budgeted amounts reflected in the accompanying financial statements recognize amendments made during the year. Individual amendments were not material in relation to the original appropriation.
- 7. Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are included in restricted, committed, or assigned fund balance, as appropriate and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year. See **Note 14**.

# **POOLED CASH AND INVESTMENTS**

Cash includes cash deposited in interest-bearing accounts at banks and cash in custody of fiscal agents. Investments consist of United States Treasury bills and notes, government agency securities, commercial paper, negotiable certificates of deposit, and government money market funds. Investments are reported at fair value on the balance sheet. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties other than in a forced or liquidation sale. Changes in the fair value of District investments are part of investment income that is included in revenues from local sources. See **Note 3**.

### **CASH AND CASH EQUIVALENTS**

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, non-negotiable certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

# **ACCOUNTS RECEIVABLE**

The accounts receivable are shown net of any provision for doubtful accounts.

### **Property Taxes**

All property taxes collected within 60 days of year end are reported as accounts receivable as of June 30, 2014, as well as those taxes assessed but not yet received. The Clark County Treasurer, based on the assessed valuation at January 1st of each year, levies taxes on real property. A lien is placed on the property subject to the payment of taxes on July 1st of each year and the taxes are due on the third Monday in August. Taxes may be paid in quarterly installments on or before the third Monday in August, and the first Monday in October, January, and March. If not paid, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties, interest, and costs. If delinquent taxes are not paid within the redemption period, the County Treasurer obtains a property deed free of encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien. Article X, Section 2, of the Nevada Constitution limits the taxes levied by all units of Clark County to an amount not to exceed \$5 per \$100 of assessed valuation. The 1979 Nevada Legislature enacted provisions whereby starting July 1, 1979, the combined overlapping tax rate was limited to \$3.64 per \$100 of assessed value. The assessed value is annually adjusted.

### **INVENTORIES**

Instructional materials and general supplies inventories (recorded in the General Fund) are valued at weighted average cost. Transportation supplies (recorded in the General Fund) and food service inventories (recorded in the Enterprise Fund) are valued using the first-in, first-out method. In all funds, the District follows the consumption method, thus, materials and supplies to be used in operations are reported as financial resources when acquired and recognized as expenditures when used. In the fund financial statements, the inventory amount is equally offset by a fund balance classification indicating it is "nonspendable".

### **PREPAID ITEMS**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased. Prepaid items are equally offset by a fund balance classification indicating they are "nonspendable".

## **CAPITAL ASSETS**

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. If purchased or constructed, all capital assets are recorded at historical cost or estimated historical cost and updated for additions and retirements during the year. Donated capital assets are valued at their estimated fair value as of the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

| <u>Capital Assets</u>   | Years |
|-------------------------|-------|
| Buildings               | 50    |
| Building Improvements   | 20    |
| Land Improvements       | 20    |
| Vehicles                | 5     |
| Heavy Trucks and Vans   | 7-10  |
| Buses                   | 10    |
| Computer Hardware       | 5     |
| Various Other Equipment | 3-25  |

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### <u>DEFERRED OUTFLOWS AND DEFERRED INFLOWS OF RESOURCES</u>

In fiscal year 2013, the District implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. Deferred outflow of resources represents a consumption of net position that applies to a future period and so will not be recognized as an outflow or resources (expense/expenditure) until then. Deferred inflow of resources represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Statement of Net Assets will now be reported as Statement of Net Position.

Also in fiscal year 2013, the District early implemented GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities* which requires governments to adopt provisions of Concepts Statement No. 4 for all other items reported as assets and liabilities, which were not addressed as part of GASB 63.

GASB Concepts Statement No. 4, *Elements of Financial Statements*, specifies that recognition of deferred outflows and deferred inflows should be limited to those instances specifically identified in authoritative GASB pronouncements. Consequently, guidance was needed to determine which balances being reported as assets and liabilities should actually be reported as deferred outflows of resources or deferred inflows of resources, according to the definitions in Concepts Statement 4. Based on those definitions, Statement 65 reclassifies certain items currently being reported as assets and liabilities as deferred outflows of resources and deferred inflows of resources.

Following GASB Statements No. 63 and No.65, fiscal year 2013 basic financial statements were adjusted with a prior year restatement of the beginning net position to fully expense unamortized debt issuance costs, not related to prepaid bond insurance costs. These were previously classified as noncurrent assets, and expensed as a component of central services and facilities acquisition and construction services. Further, unamortized balances resulting from advance bond refundings, previously reported as a deduction to long-term bond payable, have been reclassified as deferred outflows of resources and deferred inflows of resources. In addition, delinquent property taxes are now reported in the General Fund and Debt Service Fund as a deferred inflow of resources, specifically unavailable revenue-delinquent property taxes. Property tax revenues are considered "delinquent" when the due date of an assessment has passed and any statutory appeal rights have expired.

### **ACCRUED SALARIES AND BENEFITS**

District salaries earned but not paid by June 30, 2014, have been accrued as liabilities and shown as expenses for the current year.

### **LONG-TERM OBLIGATIONS**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as deferred losses and gains, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are immediately expensed in the government-wide financial statements. Deferred losses related to refundings of debt are reported as deferred outflows of resources and deferred gains related to refundings of debt are reported as deferred inflows of resources. They are amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### COMPENSATED ABSENCES AND ACCUMULATED SICK LEAVE

# NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Except for teachers and certain hourly employees, it is the District's policy to permit employees to accumulate earned but unused vacation leave. All employee groups are allowed to accumulate earned but unused sick leave. However, the District only pays limited accumulated sick leave to certain employees upon retirement.

With no material liability for sick leave, nothing is recorded in the accompanying financial statements. All vacation pay is accrued when incurred in the government-wide and proprietary financial statements. A liability for these amounts is reported in governmental funds only if they have matured as a result of employee resignations and retirements.

### **FUND BALANCES**

In the fund financial statements, the classifications of fund balance are based on limitations on their use, and the source and strength of those limitations. Assignments of fund balance represent tentative management plans that are subject to change. The following classifications have been implemented by the District's Regulation 3110:

- a. Nonspendable fund balance: These items are legally or contractually required to be maintained intact and are not in a spendable form, such as inventories and prepaids.
- b. Restricted fund balance: These amounts are constrained to being used for specific purposes by external parties, constitutional provisions or enabling legislation, such as debt service.
- c. Committed fund balance: These amounts can only be used for specific purposes as set forth by the Board of Trust-ees. The Board must take formal action (vote approval by the majority), prior to the end of the reporting period, in order to establish an ending fund balance commitment for any specific purpose. This Formal Board action (vote approval by the majority) is also required to modify or rescind an established commitment. Only the highest level action that constitutes the most binding constraint can be considered a commitment for fund balance classification purposes.
- d. Assigned fund balance: Assignments are neither restrictions or commitments and represent the District's intent to use funds for a specific purpose. These assignments, however, are not legally binding and are meant to reflect intended future use of the District's ending fund balance. The Chief Financial Officer of the District has the responsibility of assigning amounts of ending fund balance per District Regulation 3110.
- e. Unassigned fund balance: The residual classification for the General Fund that is available to spend. The District's Regulation 3110 requires that an unassigned ending fund balance of not less than 2% of total General Operating Fund revenues be included in the budget. A Board waiver is required to adopt a budget that does not meet this requirement. On November 15, 2013, the Board approved a waiver to reduce the projected balance requirement for 2013-2014 to 1.25% of total revenues.

When an expenditure is incurred, and both restricted and unrestricted resources are available, the portion of the fund balance that was restricted for those purposes shall be reduced first. If no restricted resources exist, then the unrestricted fund balance shall be reduced. Furthermore, when an expenditure is incurred for purposes which amounts of committed, assigned, or unassigned are considered to have been spent, and any of these unrestricted fund balance classifications could be used, they are considered to be spent in the above order.

# **NET POSITION**

In the government-wide statements, Net Position on the Statement of Net Position includes the following:

### Net Investment in Capital Assets

The calculation of net investment in capital assets is similar to the prior calculation of investment in capital assets, net of related debt which reported the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unexpended bond proceeds, that is directly attributable to the acquisition, construction, or improvement of those assets.

With the implementation of GASB Statement No. 63, the deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt will also be included in this component of net position.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **Restricted Net Position**

The component of net position that reports the constraints placed on the use of assets by either external parties and/or enabling legislation. Currently, the District has restricted assets related to its Debt Service Fund, assets related to its Capital Projects Funds, education foundation donations in the General Fund, state restricted money for Adult Education, reserve to self-insurance deposits related to the District's worker's compensation program accounted for in the Insurance and Risk Management Fund, and term endowments to Vegas PBS.

#### **Unrestricted Net Position**

The component of net position that is the difference between the assets, deferred outflows, liabilities, and deferred inflows not reported in Net Investment in Capital Assets and Restricted Net Position.

It is the District's policy to expend restricted resources first and use unrestricted resources when the restricted resources have been depleted.

#### **COMPARATIVE TOTAL DATA AND RECLASSIFICATIONS**

The District follows the data classification guidelines provided in the Financial Accounting Handbook from the Nevada Department of Education, in conjunction with the U. S. Department of Education publication *Financial Accounting for Local and State School Systems*. Comparative total data for the prior year has been presented in the accompanying fund financial statements and schedules to provide an understanding of changes in the District's financial position and results of operations.

#### **USE OF ESTIMATES**

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

#### **REVENUE LINE ITEM TITLES**

<u>Local sources</u> are monies generated from local school support (sales tax), ad valorem (property taxes), real estate transfer taxes, room tax, governmental services tax, franchise tax, investment income, and athletic proceeds.

<u>State sources</u> are revenues paid by the State of Nevada (through the Distributive School Account) to the District and state grants.

<u>Federal sources</u> are mostly grants received from the federal government for specific educational programs and interest subsidized on the Qualified School Construction Bond Program.

**Other sources** are monies including proceeds from the sale of capital assets and other miscellaneous income.

#### **EXPENDITURE LINE ITEM TITLES**

The statements of revenues, expenditures, and changes in fund balances characterize expenditure data by major program classifications pursuant to the provisions of the Handbook II (Revised) Accounting System established by the Nevada Department of Education. Programs are further segregated by functional services provided within each program. Below is a brief description of these program and function classifications.

#### **Programs:**

**<u>Regular programs</u>** are activities designed to provide elementary and secondary students with learning experiences to prepare them as citizens, family members, and non-vocational workers.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Special programs</u> are activities designed primarily to serve students having special needs. Special programs include services for the mentally challenged, physically handicapped, emotionally disturbed, culturally different, learning disabled, bilingual, and special programs for other types of students at all levels.

<u>Gifted and talented programs</u> are activities available to students that show above average general and/or specific abilities, high levels of task commitment, and high levels of creativity. Gifted and Talented Education (GATE) services are available to students in third, fourth, and fifth grades. Students have the opportunity to develop their potential through curriculum that emphasizes complexity and higher-level thinking.

<u>Vocational programs</u> are learning experiences that will provide individuals with the opportunity to develop the necessary knowledge, skills, and attitudes needed for occupational employment.

<u>Other instructional programs</u> are activities that provide elementary and secondary students with learning experiences in school-sponsored activities, athletics, and summer school.

<u>Adult education programs</u> are learning experiences designed to develop knowledge and skills to meet intermediate and long-range educational objectives for adults, who having completed or interrupted formal schooling, have accepted adult roles and responsibilities.

<u>Community services programs</u> are activities not directly related to the provision of educational services in a school district. These include such services as community recreation programs, civic activities, public libraries, programs of custody and care of children, and community welfare activities. This also includes parental training or related programs.

<u>Undistributed expenditures</u> are charges not readily assignable to a specific program. Student and instructional staff support and overall general and administrative costs are classified as undistributed expenditures. Also included are costs of operating, maintaining, and constructing the physical facilities of the District.

#### **Functions:**

<u>Instruction</u> includes all activities dealing directly with the interaction between teachers and students, including the activities of aides or classroom assistants which assist in the instructional process.

<u>Student support</u> includes activities designed to assess and improve the well-being of students and to supplement the teaching process.

<u>Instructional staff support</u> includes activities associated with assisting the instructional staff with the content and process of providing learning experiences for students.

<u>General administration</u> includes activities concerned with establishing and administering policy in connection with operating the District.

<u>School administration</u> includes activities concerned with overall administrative responsibility for a school. This includes principals, assistants, and clerical staff involved in the supervision of operations at a school.

<u>Central services</u> includes activities that support other administrative and instructional functions. In addition, this covers activities concerned with paying, transporting, exchanging, and maintaining goods and services for the District. Also included are the fiscal and internal services necessary for operating the District.

<u>Operation and maintenance of plant services</u> includes activities concerned with keeping the physical schools and associated administrative buildings open, comfortable, and safe for use. This also includes keeping the grounds, buildings, and equipment in effective working condition and state of repair. Additional activities include maintaining safety in buildings, on the grounds, and in the vicinity of schools.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

<u>Student transportation</u> includes activities concerned with the conveyance of students to and from school, as provided by state and federal law. It includes trips between home and school as well as trips to school activities.

Other support services are all other support services not otherwise properly classified elsewhere.

<u>Community services</u> includes activities concerned with providing community services to students, staff, or other community participants. This includes programs offering parental training.

<u>Facilities acquisition and construction services</u> are all activities concerned with the acquisition of land and buildings; the construction of buildings and additions to buildings; initial installation or extension of service systems and other built-in equipment; and improvements to sites.

**<u>Food service</u>** includes activities concerned with providing food to students and staff within the District. This includes the preparation and serving of regular and incidental meals, lunches, or snacks.

<u>Interdistrict payments</u> are funds transferred to another school district, charter school, or other educational entity such as private schools.

#### NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. Explanation of certain differences between the governmental funds balance sheet and the government-wide statement of net position

The governmental funds balance sheet includes a reconciliation between fund balances – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that "Certain liabilities, deferred inflows of resources, and deferred outflows of resources (such as bonds payable and capital leases payable) are not reported in the Governmental Funds financial statement because they are due and payable, but they are presented as liabilities in the statement of net position." The details of this \$3,121,103,741 difference are as follows:

| Bonds payable  | \$<br>2,894,125,000 |
|--|---------------------|
| Bond discounts (net of amortization)                               | (6,436,007)         |
| Prepaid bond insurance premium costs (net of amortization)         | (1,821,451)         |
| Deferred losses on refundings (net of amortization)                | (30,782,071)        |
| Deferred gain on refundings (net of amortization)                  | 1,029,707           |
| Bond premiums (net of amortization)                                | 165,133,418         |
| Interest payable   | 7,169,570           |
| Compensated absences   | 58,214,647          |
| OPEB Obligation  | 34,470,928          |
| Net adjustment to decrease fund balance - total governmental funds |                     |
| to arrive at net position - governmental activities                | \$<br>3,121,103,741 |
|  |                     |

2. Explanation of certain differences between the governmental funds statement of revenues, expenditures, and changes in fund balances, and the government-wide statement of activities

The governmental funds statement of revenues, expenditures, and changes in fund balances includes reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities." The details of this \$173,203,597 difference are as follows (see following page):

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

| Net adjustment to decrease net changes in fund balances - total governmental   |          |
|--|----------|
| , and the second | 101,316) |
| funds to arrive at changes in net position of governmental activities. \$ (173)  | 203,597) |

Another element of that reconciliation states that "The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

This amount is the net effect of these differences in the treatment of long-term debt and related items." The details of this \$305,749,812 difference are as follows:

| Debt issued or incurred:   |                     |
|--|---------------------|
| Issuance of general obligation debt  | \$<br>(322,100,000) |
| Plus: Bond premiums  | (37,375,160)        |
| Less: Bond call premium  | 687,254             |
| General obligation debt principal payments                                   | 339,665,000         |
| Payment to escrow agent for refunding  | <br>324,872,718     |
| Net adjustment to increase net changes in fund balances - total governmental |                     |
| funds to arrive at changes in net position of governmental activities.       | \$<br>305,749,812   |
|  |                     |

Another element of that reconciliation states that "Generally expenditures recognized in the fund financial statements are limited to only those that use current financial resources, but expenses are recognized in the statement of activities when incurred." The details of this \$12,396,748 difference are as follows:

| Change in accrued interest   | \$<br>7,273,715  |
|--|------------------|
| Amortization of deferred gain/loss on refunding                              | (11,933,122)     |
| Amortization of issuance costs   | (992,808)        |
| Amortization of bond discounts   | (656,151)        |
| Amortization of bond premiums  | 22,841,799       |
| Change in compensated absences   | (2,360,401)      |
| Change in OPEB obligation  | <br>(1,776,284)  |
| Net adjustment to increase net changes in fund balances - total governmental |                  |
| funds to arrive at changes in net position of governmental activities.       | \$<br>12,396,748 |

#### NOTE 3 - DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. At June 30, 2014, this pool is displayed in the statement of net position and major and other governmental funds on the governmental funds balance sheet as "Pooled Cash and Investments." The District accounts for its debt issuance proceeds portfolio separately in the capital projects funds to aid in compliance with bond covenants and federal arbitrage regulations. See **Note 8**. As of June 30, 2014, the District had the total amounts reported as pooled cash and investments (see following page):

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 3 - DEPOSITS AND INVESTMENTS (continued)

#### **Combined Pooled Cash and Investments**

| Pooled Cash                           | \$<br>(2,205,646) |
|---------------------------------------|-------------------|
| Non-negotiable Certificate of Deposit | 6,947,000         |
| Student Activity Agency Fund          | 24,104,037        |
| Pooled Investments                    | 616,861,368       |
| Total Pooled Cash and Investments     | \$<br>645,706,759 |
|                                       |                   |

Except for financial reporting purposes, the cash balances in the Student Activity Agency Fund are not normally considered part of the District's pooled cash and investments. These amounts represent cash held in an agency capacity by the District for student groups and organizations and cannot be used in the District's normal operations. The balances listed above for this fund are a consolidation of individual bank account balances held at schools across the District as of June 30, 2014.

As of June 30, 2014, the District had the following investments (numbers stated in thousands):

|                                   | Investment Maturities (In Years) |         |    |         |    |         |    |       | _        |    |         |    |         |
|-----------------------------------|----------------------------------|---------|----|---------|----|---------|----|-------|----------|----|---------|----|---------|
|                                   |                                  | Fair    |    | Less    |    |         |    |       | More     | ı  | nterest |    | Total   |
| General Pooled Investments:       |                                  | Value   |    | Than 1  |    | 1-5     |    | 6-10  | than 10  |    | Rec.    |    | Value   |

#### Interest Rate Risk

While the District does not have an overall investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate risk, Nevada statutes and District policy do impose certain restrictions by investment instrument. These include limiting maturities on U.S. Treasuries and Agencies to less than 10 years, limiting bankers' acceptances to 180 days maturity, limiting commercial paper to 270 days maturity and repurchase agreements to 90 days. The District's approximate weighted average maturity is 1.77 years.

U.S. Agencies as reported above consist of securities issued by the Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, Federal Farm Credit Bank, and Federal Home Loan Bank. Since investments in these agencies are in several cases backed by assets such as mortgages they are subject to prepayment risk. Also, approximately \$160 million of the U.S. Agencies investments reported above have a call option which, should interest rates change, could shorten the maturity of these investments.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 3 - DEPOSITS AND INVESTMENTS (continued)

#### Credit Risk

State statute and the District's own investment policy limit investment instruments to the top rating issued by one of the nationally recognized statistical rating organizations (NRSROs). The District's investment in commercial paper is limited to that rated P-1 by Moody's Investor Service, Standard and Poor's as A-1, and Fitch Investors Service as F-1. The District's money market investments are only with those funds rated by a nationally recognized rating service as AAA or its equivalent and invest only in securities issued by the Federal Government, U.S. Agencies, or repurchase agreements fully collateralized by such securities. Credit ratings for obligations of U.S. government agencies only implicitly guaranteed by the U.S. Government, such as, the Federal National Mortgage Association, the Federal Farm Credit Bank, the Federal Home Loan Bank, and the Federal Home Loan Mortgage Corporation, short and long term instruments are limited to those rated A-1 / AA, P-1 / Aaa or F1 / AAA, by Standard and Poor's, Moody's and Fitch Investors Service, respectively. The investment program through the State of Nevada, NVEST, is not rated by any investment service.

Vegas PBS received an initial term endowment in fiscal year 2003-2004 and has received additional contributions in each subsequent fiscal year, including the current year. The endowment is invested in various equity mutual funds with the Nevada Community Foundation. While the District's investment policy does not allow it to directly invest in equities, endowment principal is restricted from use for a period of time. See **Note 17**.

#### Concentrations of Credit Risk

To limit exposure to concentrations of credit risk, the District's investment policy limits investment in bankers' acceptance notes to 15%, repurchase agreements to 25%, commercial paper to 15%, and money market mutual funds to 25%, of the entire portfolio on the day of purchase. As of June 30, 2014, more than 5% of the District's investments are in Federal Farm Credit Bank, Federal Home Loan Bank, Federal Home Loan Mortgage Corporation, Federal National Mortgage Association, Federated Government Money Market Fund and Union Bank commercial paper. These investments are 8%, 16%, 11%, 14%, 12%, and 8%, respectively, of the District's total investments.

#### NOTE 4 - INTERFUND BALANCES AND TRANSFERS

#### **Interfund Balances:**

The "due to/due from other funds" balances in the General Fund of \$20,110,026, was between the Federal Projects Fund of \$16,365,567 and the State Grants Fund of \$3,744,459. These interfund balances represent funds that were transferred from the General Fund to the Federal Projects Fund and the State Grants Fund to cover the negative cash balances.

#### **Interfund Transfers:**

In the fund financial statements, interfund transfers are shown as other financing sources or uses. Transfers between funds during the year ended June 30, 2014 are as follows:

|                             |               | Transfers In: |                |    |              |             |           |    |             |  |  |
|-----------------------------|---------------|---------------|----------------|----|--------------|-------------|-----------|----|-------------|--|--|
|                             |               | Nonmajor      |                |    |              |             |           |    |             |  |  |

Following are explanations of certain interfund transfers of significance to the District:

\$297,469,464 was transferred from the General Fund to the Special Education Fund for costs related to programs for special needs students. Beginning in 1994, Senate Bill 569 has required separate accounting for revenues and expenditures associated with special education. The majority of the revenues are collected in the General Fund and transferred to the

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 4 - INTERFUND BALANCES AND TRANSFERS (continued)

Special Education Fund to offset special education expenditures.

The Bond Fund transferred a total of \$83,151,333 during fiscal year 2014 to the Debt Service Fund to service the current principal and interest on the District's revenue bonds. Pledged revenues for these bonds, which include a portion of the real estate transfer tax and room tax collected within the county are deposited within the Bond Fund and transferred on a monthly basis to the Debt Service Fund. See **Note 8.** The Governmental Services Tax Fund transferred \$7,712,250 to the Debt Service Fund to service the principal and interest on the District's 2004C medium term bond. In addition to this, a transfer of \$4,884,772 was made from the General Fund to the Debt Service Fund to service the principal and interest on the District's 2013A medium term bond.

In the nonmajor governmental funds, the Vegas PBS Fund transferred \$500,000 to the Building and Sites fund for reimbursement of building costs. In addition to this, funds were transferred from the Class Size Reduction Fund to the General Fund in the amount of \$25,932,339 per Assembly Bill No. 579 of the Nevada Legislature in 2011 which temporarily revises provisions governing class-size reduction to allow school districts flexibility in addressing budget shortfalls. The Bond Fund transferred \$1,499,207 to the Capital Replacement Fund for costs associated with the new student information system (SIS). Also, \$24,700 was transferred from the General Fund to the State Grants Fund, a donation to help with recruitment costs for the Early Childhood program.

### NOTE 5 - CAPITAL ASSETS

A summary of changes in capital assets for the year ended June 30, 2014 follows:

#### **Governmental Activities:**

|   | Balance<br>June 30, 2013 | Additions        | Deletions       | Balance<br>June 30, 2014 |

#### NOTE 7 - UNEARNED REVENUES

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period and also in connection with resources that have been received but not yet earned. A summary of unearned revenues for the individual major governmental funds and nonmajor governmental funds in the aggregate at June 30, 2014 are as follows:

|                  |              |           |    | Federal     | No | nmajor and |                  |

| Total            | \$           | 6,641,521 | \$ | 16,922,931  | \$ | 10,954,736 | \$<br>34,519,188 |

In the General Fund, summer school unearned revenue represents monies collected for summer school tuition in advance of the fiscal year 2015 summer school program. The e-rate unearned amount represents amounts submitted under the e-rate program, but not yet received. The miscellaneous unearned revenues consist of \$970,300 for extended-day kindergarten tuition which was received in advance, \$368,600 in revenues received in advance for facility usage, \$44,518 received in advance for tuition out of district, \$4,934 in donations received in advance for new teacher orientation and local charities, and \$400 for expense reimbursements on electricity charges.

In the Federal Projects Fund the unearned revenue relates to grant revenues received in advance of expenditures.

Nonmajor and other funds state grants and allotments in the amount of \$10,681,569 relates to state grant revenue received in advance of expenditures and the miscellaneous unearned revenue consists of \$273,167 in grant monies received by Vegas PBS in advance for various educational programs.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 8 - GENERAL OBLIGATION BONDS PAYABLE

## **General Obligation Bonds:**

The District issues general obligation bonds to provide proceeds for the District's construction and modernization program and for other major capital acquisitions. These bonds are direct obligations and pledge the full faith and credit of the District. Bonds are often sold at a premium or a discount. These premiums and discounts are reported in the fund statements in the year incurred but are deferred and amortized over the life of the debt in the government-wide financial statements. Similarly, any gain or loss derived from an advance refunding is amortized in the government-wide financial statements. The Debt Service Fund services all of the bonds payable. The remaining principal and interest payment requirements for the general obligation debt as of June 30, 2014 are as follows:

## **General Obligation Bonds Schedule:**

| Series | Purpose          | Date<br>Issued | Date of Final Maturity | Interest      | Original Issue | Balance<br>June 30, 2014 | Principal Due Within One Year | Interest Due Within One Year |

#### **General Obligation Revenue Bonds:**

The District also issues general obligation debt that is additionally secured by a pledge of proceeds of taxes deposited in the District's Bond Fund. The District receives the proceeds of a 1 5/8% room tax collected within Clark County and this revenue is reflected in total in the Bond Fund. The proceeds of a tax equivalent to 60 cents for each \$500 of value on transferred real property are also deposited by the county. The District pledges the room tax and the real property transfer tax revenues to pay debt service on certain general obligation debt. In 2014, the District received \$95,379,188 and pledged 100% of these revenues to pay the principal and interest requirement. The remaining principal and interest payment requirements for the general obligation debt additionally secured by these pledged revenues as of June 30, 2014 are as follows:

## **General Obligation Revenue Bonds Schedule:**

| Series | Purpose         | Date<br>Issued | Date of Final Maturity | Interest      | Original Issue | Balance<br>June 30, 2014 | Principal Due Within One Year | Interest Due Within One Year |

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 8 - GENERAL OBLIGATION BONDS PAYABLE (continued)

At year end, pledged future revenues totaled \$855,769,398, which was the amount of the remaining principal and interest on these bonds.

General obligation bonds payable is reported net of premiums and discounts on the statement of net position.

#### **Summary of Debt Service:**

Following are the annual requirements to amortize all general obligation bonds outstanding at year-end:

|             |      |               |          |             | Total               |
|-------------|------|---------------|----------|-------------|---------------------|
| Fiscal Year |      | Principal     | Interest |             | <br>Requirements    |
| 2015        | \$   | 312,475,000   | \$       | 142,319,252 | \$<br>454,794,252   |
| 2016        |      | 280,805,000   |          | 125,488,840 | 406,293,840         |
| 2017        |      | 289,590,000   |          | 111,645,490 | 401,235,490         |
| 2018        |      | 294,840,000   |          | 97,221,890  | 392,061,890         |
| 2019        |      | 289,720,000   |          | 82,805,039  | 372,525,039         |
| 2020 - 24   |      | 994,080,000   |          | 239,831,915 | 1,233,911,915       |
| 2025 - 28   |      | 432,615,000   |          | 41,459,650  | <br>474,074,650     |
|             |      |               |          |             |                     |
| Totals      | \$ 2 | 2,894,125,000 | \$       | 840,772,076 | \$<br>3,734,897,076 |
|             |      |               |          |             |                     |

A statutory limit of bonded indebtedness for school districts is set forth in Chapter 387.400 of the Nevada Revised Statutes. The limitation is based on 15% of the assessed valuation of property within the District, excluding motor vehicles. Based on the 2014 assessed valuation of \$56,296,847,888 the applicable debt limit is \$8,444,527,183 leaving the legal debt margin at \$5,550,402,183, notwithstanding the statutory tax rate limitation explained in **Note 1**. The District is in compliance with Chapter 387.400 as of June 30, 2014.

## **Authorized Unissued Debt:**

In 1998, the District received both legislative and voter approval to issue a projected \$3.2 billion in long-term debt for school construction and modernization. The election authorized the District to issue general obligation bonds for school construction until June 30, 2008. As the authority to issue debt under this program has ended, the District will rely on pay-as-you-go financing to fund any capital requirements until the Board obtains voter approval to fund a future capital program. As of June 30, 2014, there is no reportable authorized unissued debt.

#### **Refunded Debt:**

In July 2013, the District issued \$95,870,000 of general obligation (limited tax) Series 2013B refunding bonds. This action was taken to achieve interest savings as well as to maintain the current levy for future bond issuance. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net position. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. With the Series 2013B refunding of bonds originally issued in 2003, 2004, and 2005 the district was able to reduce the cost of future debt service by approximately \$5 million, which equates to a net present value savings of 4.740 percent and an economic gain of \$4,544,197.

In April 2014, the District issued \$131,175,000 of general obligation (limited tax) Series 2014A refunding bonds. With this Series 2014A refunding of bonds originally issued in 2004, the District was able to reduce the cost of future debt service by approximately \$6 million, which equates to a net present value savings of 5.709 percent and an economic gain of \$7,488,354.

Also in April 2014, the District issued \$62,200,000 of general obligation (additionally secured by pledged revenues) Series 2014B refunding bonds. With this Series 2014B refunding of bonds originally issued in 2004, the District was able to reduce the cost of future debt service by approximately \$9 million, which equates to a net present value savings of 12.595 percent and an economic gain of \$7,834,112.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 8 - GENERAL OBLIGATION BONDS PAYABLE (continued)

#### **Defeasement of Debt:**

The District has defeased certain general obligation bonds by placing the proceeds of new bonds into irrevocable trust accounts to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. At June 30, 2014, the outstanding principal on the following bonds is considered defeased:

|  | Defeased          |
|--|-------------------|
| CCSD School Improvement & Building Bonds | <br>Principal     |
| Series 2004D: Dated November 1, 2004     | \$<br>288,205,000 |
| Series 2005C: Dated November 15, 2005    | <br>247,500,000   |
| Total                                    | \$<br>535,705,000 |
|  |                   |

## **Obligation for Arbitrage Payable:**

The Tax Reform Act of 1986 established arbitrage guidelines that require a rebate of interest earned on bond funds in excess of interest paid. At June 30, 2014, the District is currently reporting negative arbitrage and thus no rebate of interest is required.

#### **Debt Service Fund:**

Nevada Revised Statute 350.020 requires that the Board establish a restricted account within its debt service fund for payment of the outstanding bonds of the District. In 2012, Assembly Bill 376 changed the amount of the reserves required to 10% of the outstanding principal or 25% (changed from 100%) of the principal and interest payments due on all outstanding bonds of the District in the next fiscal year, whichever is less. The amounts on deposit in this restricted account are not directly pledged to pay debt service on the debt, and if permitted, may be used for other purposes. As of June 30, 2014, the amount required to fund this account was \$113,698,563; which was fully funded by the District in the Debt Service Fund reserve amount of \$78,420,424 and the Bond Fund reserve amount of \$35,278,139.

#### NOTE 9 - LEASES

#### **Operating Leases**

#### **Lessee**

The District leases a fiber optical wide-area network under a non-cancelable operating lease. Total costs for this lease were \$2,401,260 for the year ending June 30, 2014. The future minimum lease payments for this lease are as follows:

| Year Ending, June 30 | Amount           |
|----------------------|------------------|
| 2015                 | \$<br>2,403,120  |
| 2016                 | 2,403,120        |
| 2017                 | 2,403,120        |
| 2018                 | 2,403,120        |
| 2019                 | 2,403,120        |
| 2020 - 2024          | 12,015,600       |
| Total                | \$<br>24,031,200 |

#### Lessor

In 2008, Vegas PBS entered into a lease agreement with Sprint Nextel, Inc. whereby Sprint Nextel leases available spectrum from Vegas PBS for commercial use. The term for this cancelable operating lease agreement is 15 years with automatic renewal of an additional 15 years, for a maximum of 30 years. The spectrum provided by the District is an intangible asset which carries no value on the financial statements. The revenue recognized for this period is \$1,299,791 which includes a monthly fee paid to the District by Sprint Nextel.

#### NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 10 - CHANGES IN LONG-TERM LIABILITIES

Long-term liability activity for the year-ended June 30, 2014, was as follows:

|                                  |    | Beginning     |      |             |                     | Ending              |                   |
|----------------------------------|----|---------------|------|-------------|---------------------|---------------------|-------------------|

| Compensated absences             | \$ | 997,026       | \$   | 377,797     | \$<br>(278,848)     | \$<br>1,095,975     | \$<br>278,848     |
|                                  |    |               |      |             |                     |                     |                   |

Internal service funds predominantly serve the governmental funds. Accordingly, their long-term liabilities are included as part of the above totals for governmental activities. At year end, \$464,206 of internal service funds compensated absences are included in the above amounts. In governmental activities, compensated absences are generally liquidated by a combination of the major and nonmajor governmental funds with the majority liquidated from the General Fund.

## NOTE 11 - COMPLIANCE AND ACCOUNTABILITY

Per NRS 354.626, the District is required to report and explain expenditures that exceeded budgeted appropriations at the function level for the General Fund, Special Revenue, and Capital Project Funds. The sum of operating and non-operating expenses in the Enterprise and Internal Service Funds may not exceed total appropriations. As of June 30, 2014, the District reported the following expenditures over appropriations:

The District's major Special Education Fund total expenditures exceeded appropriations by more than \$6 million as more licensed positions were filled than anticipated and the salary attrition projections exceeded actual attrition.

The District's non-major Special Revenue Fund - Class Size Reduction Fund reflects a budgeted expenditure overage of over \$2 million. This was a result of the placement of more experienced licensed teachers into the positions for reducing class sizes in grades 1 through 3.

#### NOTE 12 - DEFINED BENEFIT PENSION PLAN

All half-time or greater District employees are covered by the State of Nevada Public Employees Retirement System (the Plan), a cost sharing multiple-employer defined benefit plan of the public employee retirement system. The payroll for employees covered by the Plan for the year ended June 30, 2014 was \$1,412,077,385 and the District's total payroll was \$1,542,643,978. All full-time District employees are mandated by state law to participate in the Plan. Vested members are entitled to a life-time monthly retirement benefit equal to the service time multiplier (STM) percentages listed below times the member's years of service to a maximum of 30 years. The schedule of Eligibility for Monthly Unreduced Retirement Benefits for regular members and police/fire members are as follows (see following page):

The member's beginning retirement compensation is the average of their highest working compensation for 36 consecutive months. Benefits fully vest with 5 years of service. The Plan also provides death and disability benefits. Benefits are established by state statute and provisions may only be amended through legislation. All District employees in the plan are enrolled under a non-contributory plan. District payment of what were formerly employee contributions, was made in lieu of equivalent salary increases. Per Chapter 286 of the Nevada Revised Statutes, the District's contribution was based on the actuarially determined statutory rate of 25.75% in 2013-14 for unified, licensed, and support employees and 40.50% for police employees of gross compensation and amounted to \$364,569,644, 24% of the \$1,514,663,045 total paid by all employees and employers into the Plan for the year ended June 30, 2014. The District's contributions to PERS for the years ended June 30, 2013, 2012, and 2011 were \$327,548,750, \$331,265,268, and \$312,849,506, respectively, equal to the required contributions for each year, at the actuarially determined statutory rates of 23.75, 23.75, and 21.50%, respectively, for unified, licensed and support employees and 39.75, 39.75, and 37.00%, respectively, for police employees.

Financial statements for the Plan are available by calling (775) 687-4200 or writing to:

Public Employees' Retirement System of Nevada 693 W. Nye Lane Carson City, NV 89703-1599

#### NOTE 13 - RISK MANAGEMENT

<u>Risk Management</u> - The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. The District accounts for such losses through its Insurance and Risk Management Internal Service Fund. The District retains the risk of financial loss per occurrence as follows:

- 1. Worker's compensation up to \$1,250,000.
- General liability and motor vehicle liability, with retention of \$3,000,000.
- 3. Errors and omissions and employment practices liability, with retention of \$3,000,000 per occurrence.
- 4. Property, including boiler and machinery, with retention of \$500,000.
- 5. Broadcaster's liability, with retention of \$5,000.
- 6. Crime/employee dishonesty, with retention of \$50,000.
- 7. National Flood Insurance Program, with retention of \$50,000 for specific schools.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 13 - RISK MANAGEMENT - (continued)

The District purchases commercial insurance for occurrences in excess of the foregoing retention levels. Over the past eight years, there have been significant reductions in almost all areas of insurance coverage for the District. However, the District remains adequately covered for losses and no settlements have reached amounts in excess of the insurance coverage for the past thirteen years.

The Insurance and Risk Management Internal Service Fund insures all operational activities of the District by charging premiums to other funds of the District. Premiums charged are based on estimates of the amounts needed to pay actual and projected claims, to support self-insurance operational costs, and to establish a self-insured reserve for incurred losses. The reserve was \$15,474,210 at June 30, 2014, and is reported as net position for Risk Management. The estimates of the liability insurance claims payable of \$8,848,432 and the worker's compensation claims payable of \$12,052,727 at June 30, 2014, were determined by the District with the assistance of an independent actuarial study as of that date and are reflected in the financial statements of the Insurance and Risk Management Internal Service Fund.

The actuarial study, which is prepared annually, calculates the estimated future losses for the District. The amount reflected represents the current amount due in fiscal year 2014-2015.

The District relies upon a statistical measure known as a confidence level to determine its estimated outstanding losses as calculated by the study. Estimated losses are recorded at their expected values, which correspond to an approximate 50%-55% confidence level. Information regarding actual claims expenses incurred and paid can be seen in the table below.

A summary of changes in the aggregate claims liabilities for the past two years follows:

|  | Fiscal 2014   | Fiscal 2013   |
|--|---------------|---------------|
| Beginning Balance - July 1, 2014 and 2013            | \$ 20,155,709 | \$ 19,547,775 |
| Claims Incurred                                      | 7,990,650     | 8,966,587     |
| Changes in Estimates for Claims of the Prior Periods | 745,450       | 607,934       |
| Claims Paid  | (7,990,650)   | (8,966,587)   |
| Ending Balance - June 30, 2014 and 2013              | \$ 20,901,159 | \$ 20,155,709 |
|  |               |               |

In November 2013, the District renewed its interest-bearing time certificate of deposit used for the self-insured workers' compensation program as a security deposit with the Nevada Division of Insurance. The amount of the deposit, \$6,947,000, is based on the total incurred cost of current and future claims as estimated by the office of the State Insurance Commissioner. See **Note 3**.

#### NOTE 14 - ENCUMBRANCES AND COMMITMENTS

## **Construction Commitments and Encumbrances**

The District utilizes encumbrance accounting in its governmental funds. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which a purchase order, contract, or other commitment is issued. In general, unencumbered appropriations lapse at year end. Open encumbrances at fiscal year end are included in restricted, committed, or assigned fund balance, as appropriate. The following schedule outlines significant encumbrances included in governmental fund balances:

| Major Funds              |    | stricted Fund<br>Balance | Assigned Fund<br>Balance |            |  |  |
|--------------------------|----|--------------------------|--------------------------|------------|--|--|
| General Fund             | \$ | -                        | \$                       | 11,848,677 |  |  |
| Bond Fund                |    | 11,782,398               |                          | -          |  |  |
| Nonmajor Funds           |    |                          |                          |            |  |  |
| Aggregate nonmajor funds |    | 2,715,648                |                          | -          |  |  |
|                          | \$ | 14,498,046               | \$                       | 11,848,677 |  |  |
|                          |    |                          |                          |            |  |  |

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

## NOTE 14 - COMMITMENTS AND CONTINGENCIES (continued)

Total encumbrances for general fund and capital projects as of June 30, 2014 were \$26,346,723. In the General Fund, \$6,511,824 of the total encumbrance balance of \$11,848,677 was assigned to the purchase of new buses and the remaining \$5,336,853 was assigned to the purchase of new computers and other transportation needs.

As of June 30, 2014, funds remain from the 1998 voter-approved bond program. The following schedule outlines the programmed construction commitments as of June 30, 2014. The total restricted amount of \$116,670,291 is construction contracts from the 1998 voter-approved bond program which is shown as a restriction for capital projects in the Bond Fund.

|                        | APPROVED 1998 CAPITAL IMPROVEMENT PLAN PROJECTS  |                  |  |  |  |  |  |  |  |

## **Legal Contingencies**

The District is a defendant in various legal actions. The financial impact of these actions is not determinable; however, it is the opinion of District legal counsel and management that none of these actions would have a material impact on the District's financial condition.

#### NOTE 15 - CLASSIFICATIONS OF GENERAL FUND FUND BALANCE

The District reports classifications of nonspendable, restricted, committed, assigned, and unassigned fund balance which represent management's intended use of resources available to the District.

Unassigned ending fund balance is that fund balance exclusive of non-spendable amounts such as inventories and amounts restricted, committed, or assigned for preexisting obligations. Portions of the larger fund balance at June 30, 2014, are being assigned to carry over into 2015 to assist with class size reductions and categorical indirect costs. The following are explanations of the reported classifications of fund balance in the General Fund:

## Restricted for:

• Donations – to restrict donations as required by donor for various purposes.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 15 - CLASSIFICATIONS OF GENERAL FUND FUND BALANCE (continued)

## Assigned to:

- *Instructional supplies* to classify funds to cover commitments related to unfilled contracts for goods and services including purchase orders.
- School bus appropriations to classify funds to cover commitments related to unfilled contracts for new buses.
- School carryover District schools are allowed to carry over into the next year an apportionment of their unspent budgets from the current fiscal/school year.
- Categorical indirect costs to classify funds associated with indirect costs from federal programs.
- School bus purchases to classify funds to cover future transportation needs.
- Deferred maintenance initiative to classify funds for the cost of the District's repairs for routine maintenance that have been postponed to meet more pressing fiscal requirements.
- Human capital management implementation to classify funds for the new human resources/payroll system
  which will integrate data from the current SAP financial module with human resources, payroll, workforce management and benefits administration.
- School computer replacement to classify funds for replacing computer desktops and laptops in the classrooms.

#### NOTE 16 - POST EMPLOYMENT HEALTHCARE PLAN

Plan Description. The District subsidizes eligible retirees' contributions to the Public Employees' Benefits Plan (PEBP), an agent multiple-employer defined benefit postemployment healthcare plan administered by the State of Nevada. NRS 287.041 assigns the authority to establish and amend benefit provisions to the PEBP nine-member board of trustees. The plan is now closed to current CCSD retirees, however, district employees who previously met the eligibility requirement for retirement within the Nevada Public Employee Retirement System had the option upon retirement to enroll in coverage under the PEBP with a subsidy provided by the District as determined by their number of years of service. The PEBP issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employee's Benefits Program, 901 S. Stewart Street, Suite 1001, Carson City, NV, 89701, by calling (775) 684-7000, or by accessing the website at www.pebp.state.nv.us/informed/financial.htm.

Funding Policy. NRS 287.046 establishes the subsidies to be contributed toward the premium costs of the eligible retired district employees. Plan members receiving benefits have their monthly contributions deducted from their pension checks based on the health plan chosen by the retiree as reduced by the amount of the subsidy. Retirees qualify for a subsidy of \$114 at five years of service and \$627 at 20 years of service with incremental increases for each year of service between. The contribution requirements of plan members and the District are established and amended by the PEBP board of trustees. As a participating employer, the District is billed for the subsidy on a monthly basis and is legally required under NRS 287.023 to provide for it.

For fiscal year 2014, the District contributed \$10,730,287 to the plan for current premiums. The District did not prefund any future benefits.

Annual OPEB Cost and Net OPEB Obligation. The District's annual other postemployment benefit (OPEB) cost (expense) for the plan is calculated based on the annual required contribution of the employer (ARC), an amount obtained from the actuarial report provided every two years. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

As of July 1, 2011, PEBP introduced significant plan design changes for retirees participating in their program. As a result of these changes, pre-Medicare and non-eligible Medicare retirees participate in a Consumer Driven Healthcare Plan (CDHP) in which PEBP provides \$700 to a Health Reimbursement Account (HRA) per year for the retiree and \$200 for each dependent (up to a maximum of \$600). In fiscal year 2013, an additional \$400 HRA contribution is provided to all retirees

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

#### NOTE 16 - POST EMPLOYMENT HEALTHCARE PLAN (continued)

and \$100 per dependent. Also, for those CDHP retirees with 20 or more years of service as of June 30, 2012 an additional \$200 allocation is provided. Medicare retirees participate in a Medicare Exchange provided Extend Health with PEBP providing a service related contribution to a HRA equal to \$11 per month per year of service (maximum of \$220 per month).

The Unfunded Actuarial Accrued Liability (UAAL) increased by about 7.8% or \$12.6 million from the last valuation performed for fiscal year 2013. This change is the result of a combination of benefit enhancements and assumption changes.

In fiscal year 2014, the District's annual OPEB cost (expense) was \$12,506,571 for the PEBP. The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2014 is as follows:

| Fiscal Year Ended | (P | ual OPEB Cost<br>rojected Unit<br>it Cost Method) | % of Annual OPEB Cost Contributed | Net OPEB<br>Obligation |
|-------------------|----|---|-----------------------------------|------------------------|
| 6/30/2012         | \$ | 11,268,000  | 107%                              | \$<br>33,024,636       |
| 6/30/2013         | \$ | 11,497,790  | 103%                              | \$<br>32,694,644       |
| 6/30/2014         | \$ | 12,506,571  | 86%                               | \$<br>34,470,928       |

The following table shows the components of the District's annual OPEB cost for the past three years, the amount actually contributed to the plan, and changes in the district's net OPEB obligation to the PEBP:

|   | Fiscal 2014      | Fiscal 2013      | Fiscal 2012      |
|---|------------------|------------------|------------------|
| Annual Required Contribution                | \$<br>13,781,443 | \$<br>12,785,531 | \$<br>12,586,000 |
| Interest on net OPEB obligation             | 1,307,786        | 1,320,985        | 1,351,505        |
| Adjustment to annual required contribution  | (2,582,658)      | (2,608,726)      | <br>(2,669,505)  |
| Annual OPEB cost (expense)                  | 12,506,571       | 11,497,790       | 11,268,000       |
| Contributions made                          | <br>(10,730,287) | <br>(11,827,782) | <br>(12,030,988) |
| Increase/(Decrease) in net OPEB obligation  | 1,776,284        | (329,992)        | (762,988)        |
| Net OPEB obligation - beginning of the year | <br>32,694,644   | <br>33,024,636   | <br>33,787,624   |
| Net OPEB obligation - end of the year       | \$<br>34,470,928 | \$<br>32,694,644 | \$<br>33,024,636 |
|   |                  |                  |                  |

Funded Status and Funding Progress. The District's most recent actuarial valuation was as of July 1, 2013 and, as of the end of the fiscal year, the District has not prefunded any portion of the plan. The actuarial accrued liability (AAL) for benefits was \$174,463,384 and having not funded the obligation, the District currently has no associated assets to offset this liability. Because of this, the unfunded actuarial accrued liability (UAAL) is equal to the AAL. PEBP is closed to new District participants as of November 1, 2008; therefore, covered payroll is zero.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, present information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

## NOTE 16 - POST EMPLOYMENT HEALTHCARE PLAN (continued)

In the July 1, 2013 actuarial valuation, the projected unit credit actuarial cost method was used. The liabilities incorporate a 4% investment rate of return. An annual healthcare cost trend rate of 8% is used initially, reduced by decrements to an ultimate rate of 5% in 2022. The inflation rate assumed in this valuation is 2.5%, which is used to develop the impact of the excise tax. The HRA assumes a 0% trend rate.

Because of changes to state law, as of September 1, 2008, the plan was no longer available to those actively employed past this date. As a result, the District expects the liability to begin to decrease and eventually disappear over the life of the amortization period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The amortization period used is 18 years.

#### NOTE 17 - DONOR RESTRICTED ENDOWMENTS

In 2014, Vegas PBS received an additional \$61,250 in donations to their term endowment bringing the total reserve balance to \$1,694,632. The corpus (principal) of the endowment is restricted from use for a set period of time while the corresponding appreciation may be spent as Vegas PBS sees fit for their various programs. Currently, the District does not have a policy restricting the authorization and spending of endowment investment income. State statute, NRS 164, allows a local government to authorize expenditures of net appreciation as is prudent for the government. As of June 30, 2014, there was \$757,195 of net appreciation recognized on these investments.

<sup>&</sup>lt;sup>1</sup> This schedule presents only the capital asset balances related to the governmental funds. Accordingly, the capital assets reported in the internal service funds and the enterprise funds are excluded from the above amounts. Generally, the capital assets of internal service funds are included as governmental activities in the statement of net position. The capital assets of the enterprise fund are reported separately under business-type activities.

#### **COMPREHENSIVE ANNUAL FINANCIAL REPORT**

The Statistical Section of the District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

#### **Contents**

#### Financial trends

These schedules contain information to help the reader understand how the District's financial performance and well-being have changed over time.

#### Revenue capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

#### Debt capacity

These schedules contain information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

#### Demographic and economic information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

#### Operating information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and activities it performs.

#### NOTES:

<sup>1</sup> In fiscal year 2006, the central support and business support program/functions were combined into one single program/function called central services.

<sup>&</sup>lt;sup>2</sup> In fiscal year 2007, restated instruction and general administration functions due to reclassification of certain fixed assets transfers.

<sup>&</sup>lt;sup>3</sup> In fiscal year 2010, gifted and talented functional area was split from special instruction.

**Source:** Debt outstanding data provided by each governmental unit. Assessed value data used to estimate applicable percentages provided in the State of Nevada Department of Taxation's 'Redbook'.

Note: Overlapping governments are those that coincide, at least in part, with geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of CCSD. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the property taxpayers should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by dividing the value of the revenue base within the overlapping geographic area by the total revenue base of the overlapping government.

**Source:** <sup>1</sup> Nevada Department of Taxation

Note:

A statutory limit of bonded indebtedness for school districts is set forth in Chapter 387.400 of the Nevada Revised Statutes. The limitation is based on the 15 percent of the assessed valuation of property within the District, excluding motor vehicles.

**Note:** The District issues general obligation debt that is additionally secured by a pledge of proceeds of taxes deposited in the District's Bond Fund. Pursuant to applicable Nevada law, effective August 1, 1997, the County Treasurer has been depositing the proceeds of 1% room tax collected within the County in the Bond Fund. The proceeds of a tax equivalent to 60 cents for each \$500 of value on transferred real property is also deposited by the County. As of July 1, 1999, the District has continued to receive the proceeds of an additional 5/8% room tax collected within the County. The District pledges the room tax and the real property transfer tax revenues to pay debt service on certain general obligation debt.

**Notes:** <sup>1</sup> Reports from previous years included graduated student workers and temporary employees no longer working for the District. In 2006 they were removed from status on the report.

<sup>&</sup>lt;sup>2</sup> Expenditures recorded in the indirect cost fund were combined with the general fund reallocating the expenditures to a central service function.

<sup>&</sup>lt;sup>3</sup> This function and program was new for FY10 and is currently being utilized by the Federal Projects Fund and State Grants Fund.

# **COMPREHENSIVE ANNUAL FINANCIAL REPORT**

# **Compliance and Controls**

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees Clark County School District Clark County, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Clark County School District, (the "District"), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 10, 2014.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Board of Trustees of the Clark County School District Clark County, Nevada

#### Report on Compliance for Each Major Federal Program

We have audited Clark County School District's (the District's) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2014. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

# Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

# Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

#### **Report on Internal Control Over Compliance**

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-

133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

# CLARK COUNTY SCHOOL DISTRICT NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2014

# (1) Reporting Entity

The accompanying schedule of expenditures of federal awards presents the expenditure activity of all federal awards programs of the Clark County School District (the "District") for the year ended June 30, 2014. The District's reporting entity is defined in Note 1 to its basic financial statements. All expenditures of federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the schedule.

# (2) Basis of Accounting

The accompanying schedule of expenditures of federal awards is prepared on the modified accrual basis of accounting. The amounts shown as expenditures of the National School Lunch Program – Commodities program represent the fair value of commodity food received by the District.

# (3) Relationship to Basic Financial Statements

Expenditures of federal awards have been included in the individual funds of the District as follows:

| General Fund                            | \$<br>237,428     |
|---|-------------------|
| Special Revenue Fund - Federal Projects | 172,925,623       |
| Enterprise Fund - Food Service          | <br>98,207,773    |
|   | <br>              |
| Total                                   | \$<br>271.370.824 |

# CLARK COUNTY SCHOOL DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2014

# Section I – Summary of Auditor's Results

Financial Statements

Type of auditor's report issued Unmodified

Internal control over financial reporting:

Material weaknesses identified?

Significant deficiencies identified that are not considered to be material None

weaknesses?

Noncompliance material to financial statements noted No

Federal Awards

Internal control over major programs:

Material weaknesses identified?

Significant deficiencies identified that are not considered to be material

weaknesses?

Type of auditor's report issued on compliance for major programs

Unmodified

Any audit findings disclosed that are required to be reported in accordance with section 510(a) of Circular A-133?

Nο

Identification of major programs:

| CFDA Number   | Name of Federal Program or Cluster                  |  |
|---------------|---|--|
| 84.010        | Title I   |  |
| 84.027/84.173 | Special Education Cluster                           |  |
| 84.287        | 21 <sup>st</sup> Century Community Learning Centers |  |
| 93.737        | Community Transformation Grant                      |  |

Dollar threshold used to distinguish between type A and type B programs:

\$3,000,000

Auditee qualified as low-risk auditee?

Yes

#### Section II – Financial Statement Findings

There were no current year findings.

# Section III – Federal Award Findings and Questioned Costs

There were no current year findings.

# CLARK COUNTY SCHOOL DISTRICT SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2014

There were no prior year findings.

# CLARK COUNTY SCHOOL DISTRICT AUDITOR'S COMMENTS JUNE 30, 2014

#### **CURRENT YEAR STATUTE COMPLIANCE**

The Clark County School District conformed to all significant statutory constraints on its financial administration during the year except for those items identified in Note 11 of the accompanying financial statements.

# PROGRESS ON PRIOR YEAR STATUTE COMPLIANCE

The District monitored all significant constraints during the year ended June 30, 2014.

#### PRIOR YEAR RECOMMENDATIONS

We noted no material weakness and no significant deficiency in internal controls.

# **CURRENT YEAR RECOMMENDATIONS**

We noted no material weakness and no significant deficiency in internal controls.

#### **NEVADA REVISED STATUTE 354.6113**

The financial statements of the Bond Fund (a capital projects fund) are located in this report at Schedule A-8.

As noted above, compliance with Nevada Revised Statutes is contained in Note 11 to the financial statements.

#### **NEVADA REVISED STATUTE 354.6115**

A fund was created in accordance with Nevada Revised Statute 354.6115, "Fund to stabilize operations of local government and mitigate effects of natural disaster". However, the fund is inactive and had no fund balance at any time during the year. In future periods, funds may be deposited and/or accumulated in the Fund for Budget Stabilization if in any year general fund revenues have exceeded appropriated expenditure levels and the ending fund balance is not less than 2 percent of total general fund revenues as required by District Regulation 3110.
