

State Treasurer's Office Provides Upromise College Fund 529 Plan

The Nevada State Treasurer's Office is providing Nevada parents with an opportunity to begin saving for college. The **Upromise College Fund 529 Plan** is a federal tax-deferred college savings account, and is managed by leading fund management companies. Savings in the account may be used to pay for public or private colleges, universities, trade or technical schools, and graduate school. The **Upromise Rewards Program**, which is a separate service, enables parents to earn free money for college when purchases are made with contributing companies. Loyalty savings may be invested in the College Fund 529 Plan account on a periodic basis. For more information on the Upromise College Fund 529 Plan, call (702) 486-2025 or log on to <https://nevadatreasurer.gov/index.html>.
