SCHOOL CALENDAR

The committee members discussed the pros and cons of moving the school calendar up 2 weeks earlier in August, after the second quarter finals and ending first semester before winter break.

Some advantages included:

- Students will be refreshed to start the second semester.
- Students can spend time with family members instead of studying for finals.
- No reviewing materials after returning from winter break.
- High school students will be prepared for a college-style schedule.

Some disadvantages included:

- Sport practices could possibly be cut a few days.
 - *Mrs. Ginger stated that the Athletic office has already been discussing the value of 2-a-day practices in August.*
- Year-round schools may be difficult to schedule.
- Higher cost of maintaining air conditioning earlier in August.

A motion was made to recommend starting the school calendar two weeks earlier by Chloe Davis of Cimarron-Memorial HS. A second was made by Kaylyn Taylor of Palo Verde HS. The vote was unanimous to recommend starting the school calendar two weeks earlier.

GRADING POLICY

The presenter for this item could not attend the meeting.

Following a description of the policy from Superintendent Skorkowsky, the committee understood the rationale and concept regarding the minimum "F" policy. Some students felt that it was unfair to give a student a score of 50 even if they had a "0" on a test when there are students who earn a 50 on their own, especially students who abused the policy or "slacked off." Other students felt that it did help to encourage students to stay in school. Overall, in the end of the discussion, it was agreed that this policy should be studied carefully.

Some recommendations included:

- Allow this policy to apply to assignments but not tests and projects.
- Still assigning a "0" to student who did not do the assignment at all.
- Create a new grading system, either 0 through 4 (including decimals) or A, B, C, D, F or 0 (for those who did not complete the work).
