Project Facilitator, K-12 Response to Instruction (RTI)

Position Details
Division: Human Resources  
Classification: Certified  
Terms of Employment: This is a salaried position assigned to the Licensed Employee  
Salary Schedule, 9 Months  
FLSA STATUS: EXEMPT

Position Summary
The individual selected for this grant-funded licensed position will coordinate and provide specialized support for elementary and secondary school teachers and administrators in the development and implementation of Response to Instruction (RTI). The project facilitator will develop and implement RTI professional learning support for administrators, literacy specialist, learning strategists, teachers, and parents. The project facilitator will collaborate with region personnel and various Clark County School District divisions and departments including the Assessment, Accountability, Research, and School Improvement (AARSI) Division; Human Resources Division (HRD); and the Student Services Division (SSD). Additionally, the project facilitator will be involved with local, regional, and state organizations and institutions of higher education. This position will report to the Director of K-12 Literacy and Language Development, Curriculum and Professional Development Division (CPDD), Curriculum, Instruction, and Assessment Unit (CIAU).

Essential Duties and Responsibilities
The list of Essential Duties and Responsibilities is not exhaustive and may be supplemented.

1. Supports state and District literacy and mathematics initiatives and curricula, as required.
2. Plans, prepares, and conducts professional learning sessions and participant follow-up with a focus on increased student achievement through data analysis and collaborative problem solving.

3. Works effectively with administrators, learning strategists, literacy specialists, classroom teachers, and parents/guardians at assigned schools to implement the District’s RTI framework.

4. Collaborates with university and national experts regarding the current research and effective practices that lead to improved student achievement.

5. Plans, prepares, and facilitates districtwide professional learning on the District’s RTI framework with a focus on student achievement in reading, writing, and mathematics. Professional learning may include coaching, workshops, and professional learning communities.

6. As requested, assists administrators, learning strategists, literacy specialists, and teachers with the understanding and practical applications of RTI.

7. Collects and produces best practice-based resources and videos.

8. Provides support for all site-based requests.

9. Develops and implements online professional development modules and tools to promote a consistent understanding of RTI.

10. Develops and coordinates resources for parents/guardians and community stakeholders focusing on RTI.

11. Provides assistance in the process of districtwide grant writing in support of increased funding to promote student achievement.

12. Assists in assessing the effectiveness of assigned activities and in planning future projects.

13. Maintains appropriate documentation of all project activities.

14. Collaborates with classroom teachers, administrators, and other departments, and national experts to review and update District resources related to RTI.

15. Performs other duties related to the position, as assigned.

---
