

EDUCATION SERVICES DIVISION

Expulsion Due Process - Trial Enrollments

The Department of Pupil Personnel Services is responsible for processing student disciplinary referrals. Pursuant to Regulation 5114.2, Expulsion Hearings and Expulsion Review Board Hearings (ERB) may be avenues of appeal if a decision to recommend a student's expulsion is made by the school principal. Expulsion Hearing Panel hearings are usually scheduled and held three days per week. Expulsion Review Board hearings are usually scheduled twice per month. The Department of Pupil Personnel Services ensures students are provided with appropriate levels of due process for expulsion and behavior program recommendations.

Department of Pupil Personnel Services staff is also responsible for continually monitoring student placement of those students who have been granted trial enrollments by the Board of School Trustees. Once a student has fulfilled his/her expulsion placement term in an alternative program, the Board of School Trustees may grant the student a trial enrollment. The student's trial enrollment status at a school remains in effect for one (1) year from the enrollment date at that school.
