Clark County School District
DISTRICT FACILITY USE PERMIT

LIABILITY AGREEMENT FOR
USE OF CLARK COUNTY SCHOOL DISTRICT FACILITY

The Clark County School District (District) is a self-insured government entity whose liability is governed by the guidelines established in Nevada Revised Statutes, Chapter 41.

The responsibilities of the parties involved when using District facilities are as follows:

CLARK COUNTY SCHOOL DISTRICT

The District assumes liability for the negligent acts and/or omissions of the District’s employees with respect to their involvement in this facility use agreement, as required under Nevada law.

GROUP, AGENCY, OR ORGANIZATION

Any group, agency, or organization (group) using District property shall hold harmless and indemnify the District, the Board of School Trustees, the individual members thereof, and/or all District employees for any and all losses, damages, harm, liability, cost, or expense, financial or otherwise, resulting or arising from, during, or as a result of any negligent or intentional action or inaction, error, and/or omission of its group members, agents, employees and/or volunteers in the use of a District facility or in their direction of District employees. In addition, the group, agency, or organization (group) shall defend the District, the Board of School Trustees, the individual members thereof, and/or all District employees and assume all costs, expenses, and liabilities of any nature to which the District may be subjected as a result of any claim, demand, action, or cause of action arising out of the use of a District facility by any group, agency, or organization (group).

The group, agency, or organization shall be responsible for maintaining insurance coverage in force for the life of the agreement. The insurance company(ies) must be licensed to write such insurance in the state of Nevada. The coverage required will be, at a minimum, General Liability Insurance including bodily injury, personal injury, and property damage with limits of at least \$1,000,000 per occurrence. Clark County School District, with the address of the Risk Management Department, must be named on the policy as an additional insured. The group, agency, or organization (group) must provide the principal with certificate(s) of insurance, and additional insured endorsement verifying coverage, at the time of application. The group, agency, or organization (group) shall give the District a thirty (30) day written advance notice of any termination, expiration, and any and all changes in coverage. Deductible and self-insurance retention shall be declared in the certificate(s) of insurance. The liability insurance may be provided under primary policies or by a combination of primary and excess policies. The Risk Management Department will be the final authority in determining if insurance coverage is adequate.

If a condition requiring repair is found, it will be brought to the attention of the District immediately and the District will make the necessary repairs. Any repairs necessary due to the negligent or intentional acts of omissions of the group, agency, or organization, its employees, or volunteers will be the group, agency, or organization’s responsibility. The amount of damage shall be decided by the department responsible for making the repairs and the group, agency, or organization shall pay for said damage.
