PUBLIC HEARINGS/RESPONSE TO PUBLIC COMMENT

Approval of the Minutes, Student Expulsions – Constance Kosuda

Ms. Kosuda spoke specifically about the minutes of September 28, 2006, pages 8 and 9. She stated that the issues she spoke about should have been viewed as "safety issues", not "legal issues." She also requested that the minutes be amended, and she requested that the safety issues raised by her on September 28, 2006, be placed on an agenda for discussion. She referenced an article in the NAACP magazine, *Crisis*, titled Losing the Children Early and Often, in which there are four issues mentioned that she is specifically concerned about. Those issues are health care, early childhood education, the foster care system, and school.

Ms. Kosuda stated that she had previously requested data dealing with suspensions and expulsions and that the data needed to include the race of the child. She also requested that there be an agenda item on the topic of ROTC in the high schools.

Ends – 21st Century Course of Study – Bob Geary

Mr. Geary, a math teacher, spoke in opposition of a mandatory math class for seniors. One of the issues raised by Mr. Geary was the number of math teachers available. He also mentioned that there are no more lower-level math classes taught in high school such as pre-algebra, which is still needed at the high school level.

Notice of Intent – Clark County School District Regulation 7124 – Annette Owens

Ms. Owens stated that she was concerned about the proposal for Regulation 7124, stating that it omits the 15 percent requirement.

School Support Teams – Employee "Cooling Off" Period, Special Education/Guest Teacher Program

Western Governors University, Superintendent Evaluation Manual – Caroline Rangen

Ms. Rangen questioned the backup material for Item 16-10, Reference N, stating that there is not enough information provided to the public. She spoke in opposition of the deletion of the Superintendent Evaluation Manual. She disagreed that the Indicators in the manual could be found throughout the Policy Governance® manual. She asked that the board members postpone voting on this item until the public is made aware of where those Indicators can be found.

TELECONFERENCE CALL CONNECTED

Teleconference call with Mrs. Moulton was connected at 6:30 p.m.

EXCELLENCE IN EDUCATION HALL OF FAME AWARDS (continued)

Patricia Holland, a social science teacher at Cimarron-Memorial High School, was recognized as a recipient of the Excellence in Education Hall of Fame Award.

APPROVE AMENDMENT OF CLARK COUNTY SCHOOL DISTRICT BOARD OF SCHOOL TRUSTEES GOVERNANCE POLICY BS/L-5

Approval of the amendment of the Clark County School Board of School Trustees Governance Policy BS/L-5: Monitoring Superintendent Performance, as recommended in Reference A.

Mrs. Johnson briefly explained the changes to be made to B/SL-5: Monitoring Superintendent Performance.

Mrs. Barber read the following statement into the record:

"My position on the evaluation section of B/SL-5 [Monitoring Superintendent Performance] as it is presently written is well known and it's well known for the record, but let me briefly state it once more in a slightly different context. Let's look at the concept or ideal of evaluation from the perspective of a board's role or purpose for even existing. Well, our own policy, GP-1 [Global Governance Committee] states that the overriding purpose of the board is to ensure that the organization, that's the CCSD, achieves what the owners expect it to achieve. And the owners' expectations for the CCSD is also outlined in E-1 [Global Mission], our mission statement, which reads, 'CCSD students will have the knowledge, skills, attitudes, and ethics necessary to succeed academically and practice responsible citizenship.' Now, we know what the owners expect, that's E-1 [Global Mission], and we also know that the board's purpose is to ensure that the organization achieves these expectations or results for our students – GP-1 [Global Governance Committee].

"So how do we, the board, carry out this responsibility? We monitor, and we evaluate organization performance to determine if we are making reasonable progress in achieving other Ends or long-term goals. We've just defined Indicators – the benchmarks necessary to know whether progress is being made in achieving our End goals. Indicators represent the expected level of performance that is compared to actual performance data to determine if our instructional programs are producing satisfactory results. Without valid Indicators, there is no basis for evaluating organization performance, and all we have left are seven totally subjective opinions and meaningless paper exercise. Yet, there are still no provisions in any board policy or district regulation that explicitly states who will create Indicators; who will approve them; and when will these actions take place.

"These are major flaws and if accepted as written, I think such action borders on a dereliction of our duties as trustees because we are knowingly violating GP-1 [Global Governance Committee]. I recommend rejection along with consideration for hiring an independent, qualified consultant to complete the project."

Mrs. Janison stated that the Indicators need to be written somewhere, and she requested that Lauren Kohut-Rost, Deputy Superintendent, Instruction Unit, present information to the board that was discussed at the November 27, 2006, policy review board meeting that could possibly be used to aid in evaluating the superintendent and that at that time EL-10: Communication and Support to the Board and B/SL-5: Monitoring Superintendent Performance need to be brought forward and discussed.

Mrs. Johnson stated that in the absence of any suggestions for changes to be made to the Indicators used in the past, the board should move forward.

Mrs. Barber spoke about the need to have the Indicators in policy.

APPROVE AMENDMENT OF CLARK COUNTY SCHOOL DISTRICT BOARD OF SCHOOL TRUSTEES GOVERNANCE POLICY BS/L-5 (continued)

Mrs. Johnson explained that there is going to be discussion of B/SL-5: Monitoring Superintendent Performance in conjunction with the Executive Limitations and specifically EL-10: Communication and Support to the Board.

Motion to accept.

Motion: Scow Second: Brager-Wellman Vote: Yeses – 5 (Johnson, Moulton, Brager-Wellman, Scow, Janison); Abstain – 1 (Barber)

Motion: Janison Second: Scow Vote: Unanimous

APPROVE COMMUNITY LINKAGE MEETING UPDATE

Approval of the Board's community-wide education summit scheduled for January 9, 2007, as recommended in Reference C.

Mrs. Janison discussed the suggestions and planning that came out of a staff meeting that was held to determine the best use of time and resources for the upcoming community-wide summit meeting.

Mrs. Johnson suggested that the board members should consider topics for the summit meeting such as 21st Century learning or Ends, and they should also consider the length of the meeting.

APPROVE CLARK COUNTY SCHOOL DISTRICT BOARD OF TRUSTEES' BOARD ASSESSMENT

Approval of the evaluation instrument used in the regular meeting of the Clark County School District Board of School Trustees, as recommended in Reference D.

Motion to postpone until December 14, 2006.
